

Jet Noise Reports: July-August 2020

San Juan County and Other Impacted Areas

Since 2015 an increasing number of jet noise reports are being made from residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This report provides data broken out by reports generated inside San Juan County and outside.

Sample of the comments submitted by residents of our region regarding Jet noise:

- It's been a brutal week with flights, as usual, directly over our home. We wear noise canceling headphones but it's still very loud inside our home. Phone calls are impossible as is visiting when the planes are directly overhead.
- S Lopez, 25 Aug 2020, Tue: 12:17pm Overflight - exceptionally loud 92.7 decibels in the house. Growler pilots know how to fly quietly - Why don't they do this when they are over our homes???
- Horrendous metallic roaring, searing tearing sounds 65-80 dB inside with each pass. Lasts few minutes each time, sound dying off in time for the next Warplane. Pure abuse of civilians. Wrong day to get off work early and head to Anacortes-
- please stop the noise. We can't enjoy dinner. We can't go outside. We can't open the doors and windows on a warm summer day. My head is pounding from the noise and stress. Coupeville.
- It's 20:30, I can't sleep, I can't read, I can't have conversation, I can't go for a walk, can't watch TV, can't make my children feel any less scared about it, because of the jet noise.
- Twelve + hours of Growler noise on 8/31/20; started 9 am and went past 10 pm, touch and go noise cleared the beaches of Port Townsend and sent everyone inside. ALL DAY LONG and ALL EVENING. No touchdowns on the schedule. Horrible noise pollution.

More comments begin on page 9. They tell the human story. Please read them.

INSIDE THIS REPORT:

-  **Annual Comparisons**
-  **Monthly Comparisons**
-  **Reports by Type of Noise**
-  **Noise by Time of Day**
-  **Reports by Day**
-  **Map of Report Locations**
-  **Comments submitted with each report, revealing human impacts**

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

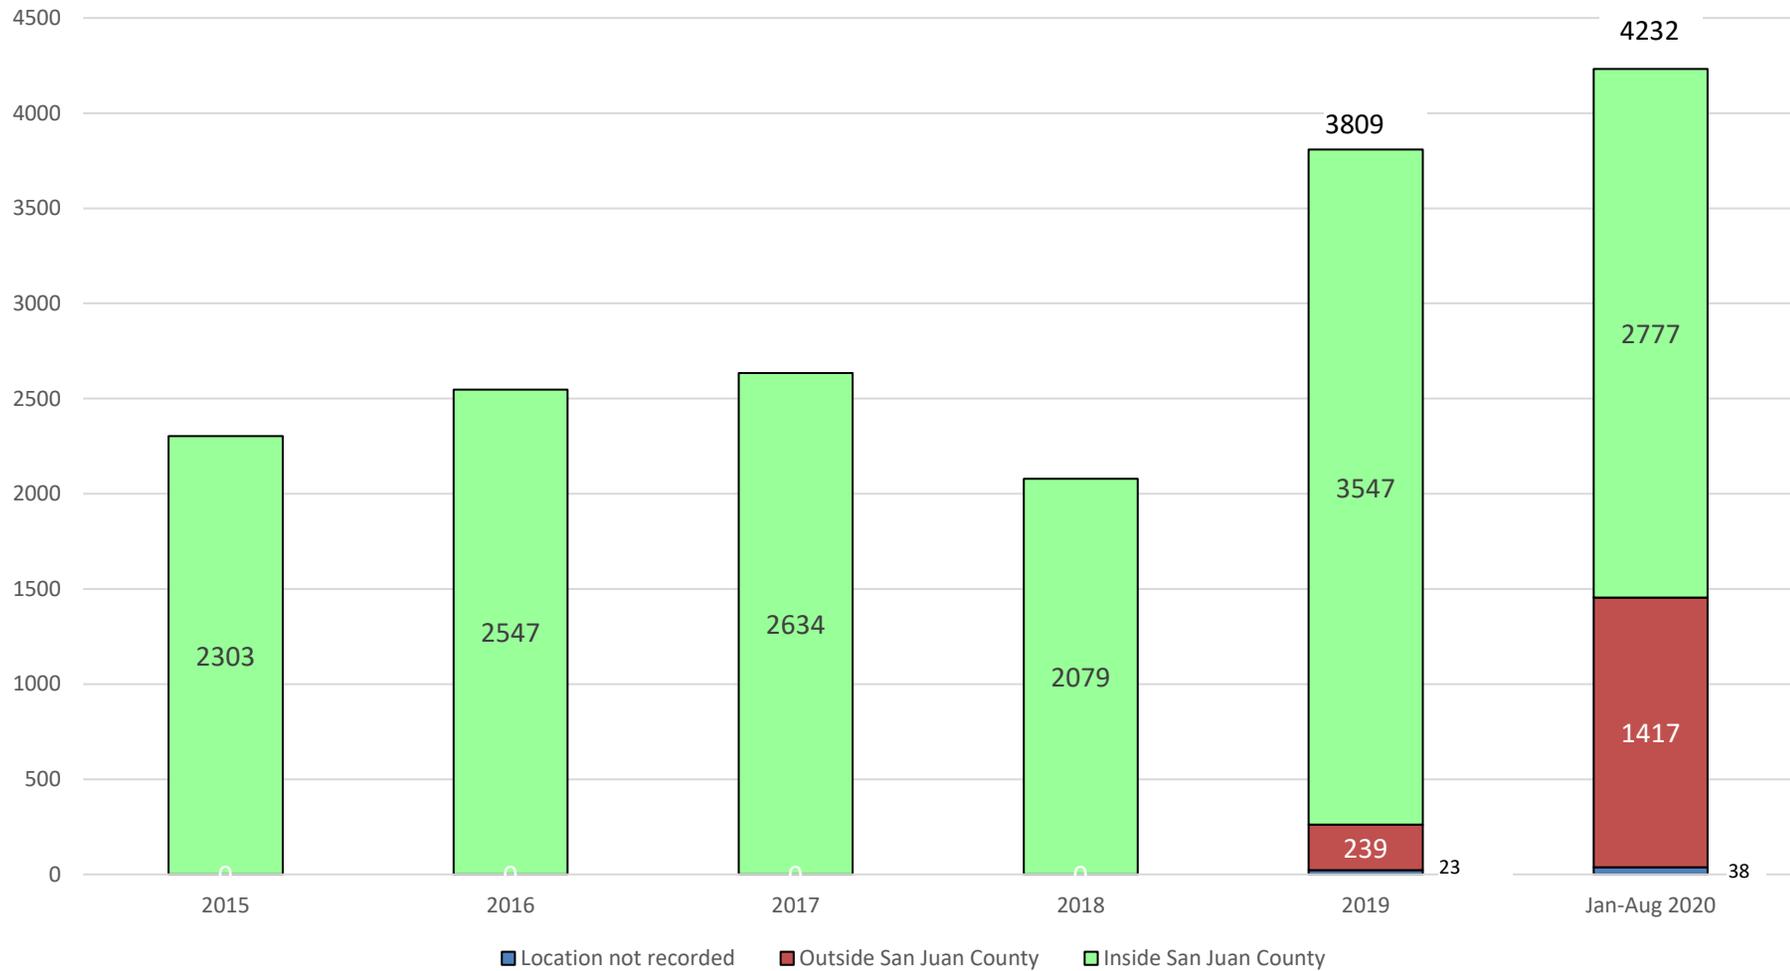

gis.sanjuanco.com/aircraft-noise-reporting

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

This report is compiled by Quiet Skies:

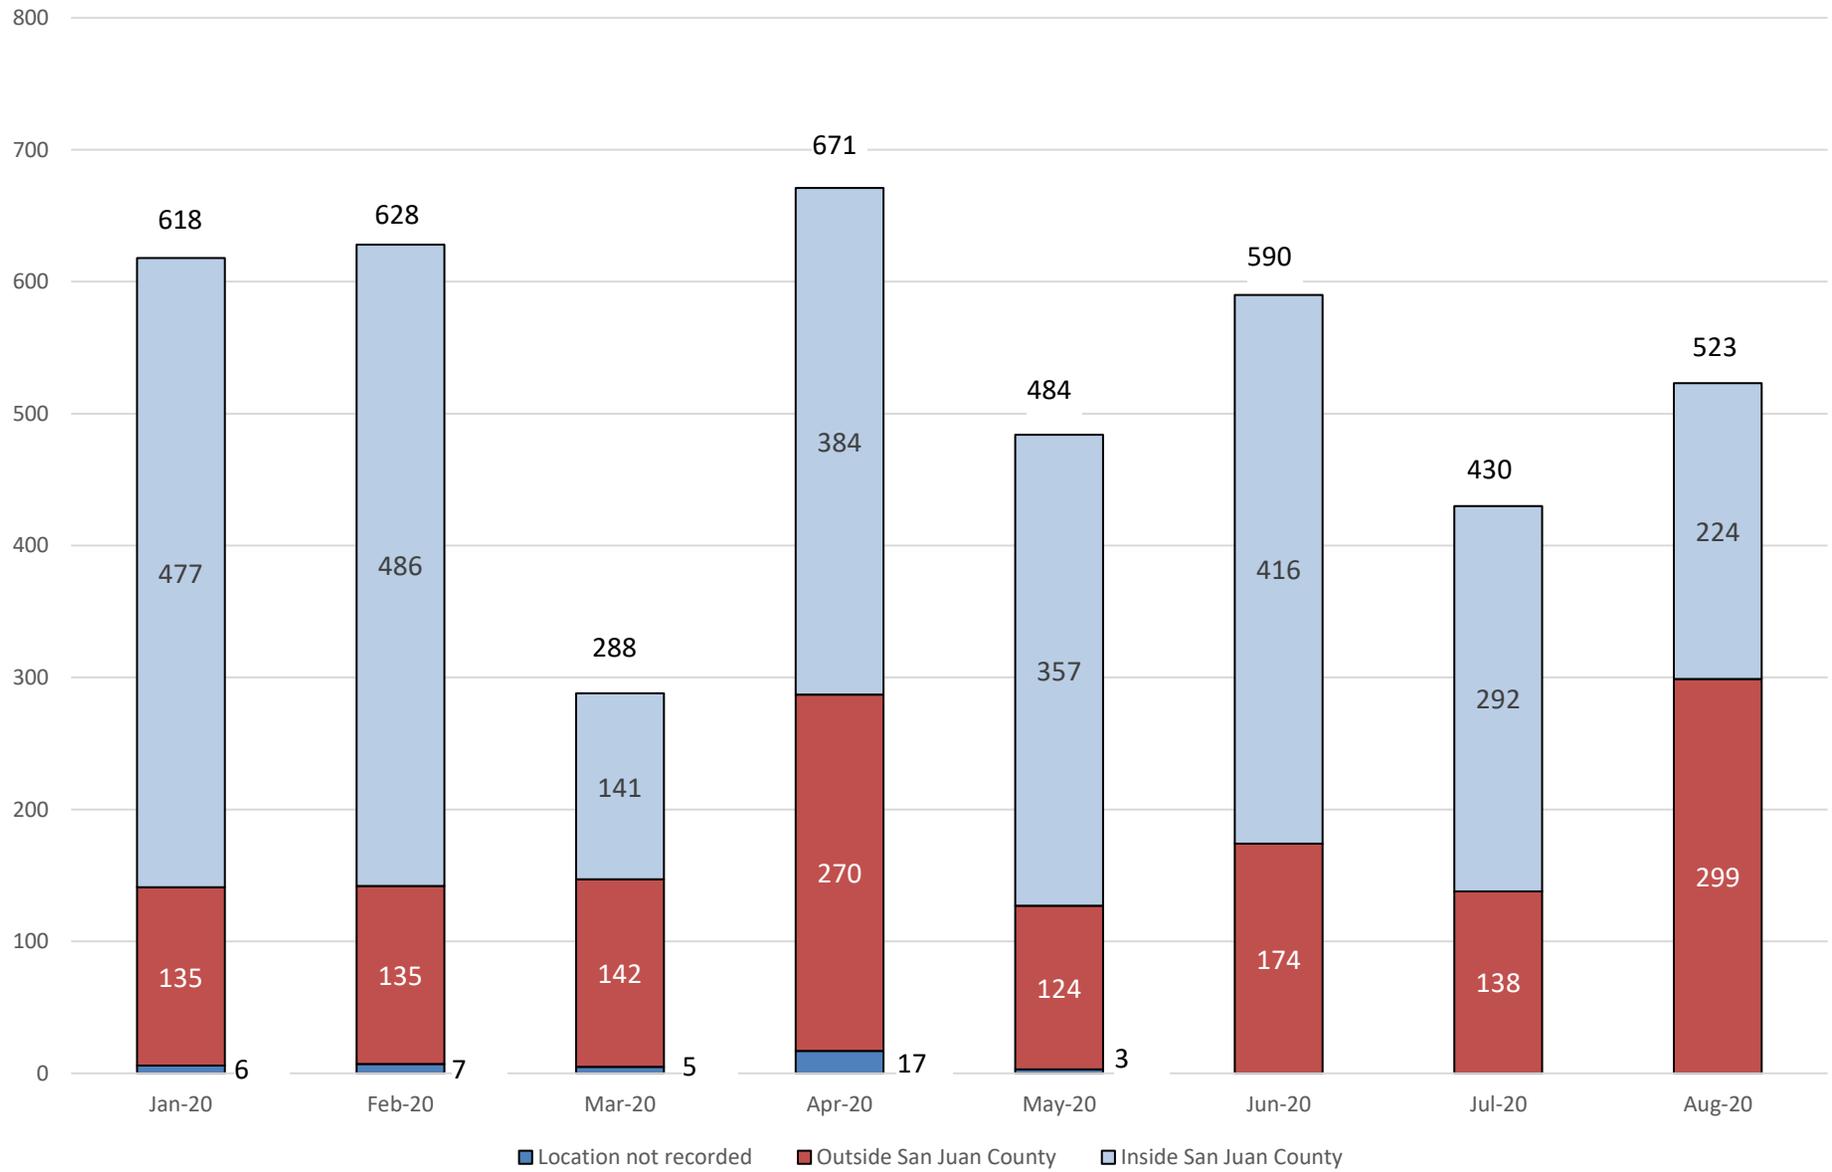

<https://www.quietskies.info/>

Jet Noise Reports 2015 - 2019 and the First 8 Months of 2020

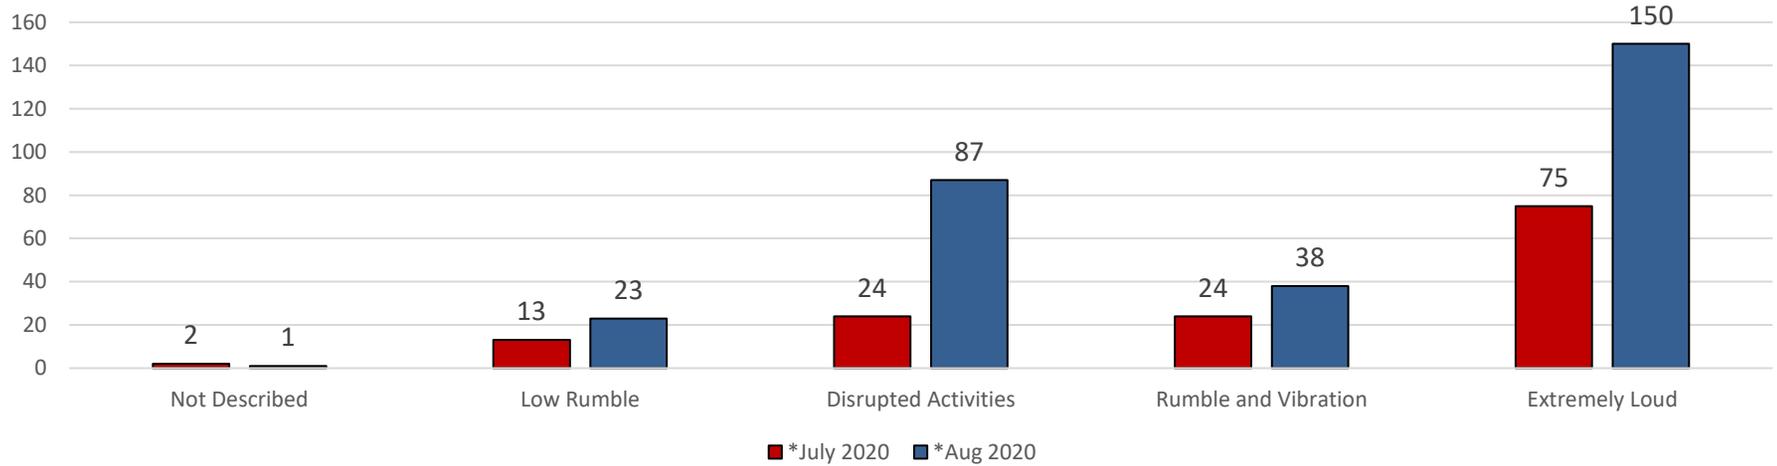

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all reports in the database since 2015.

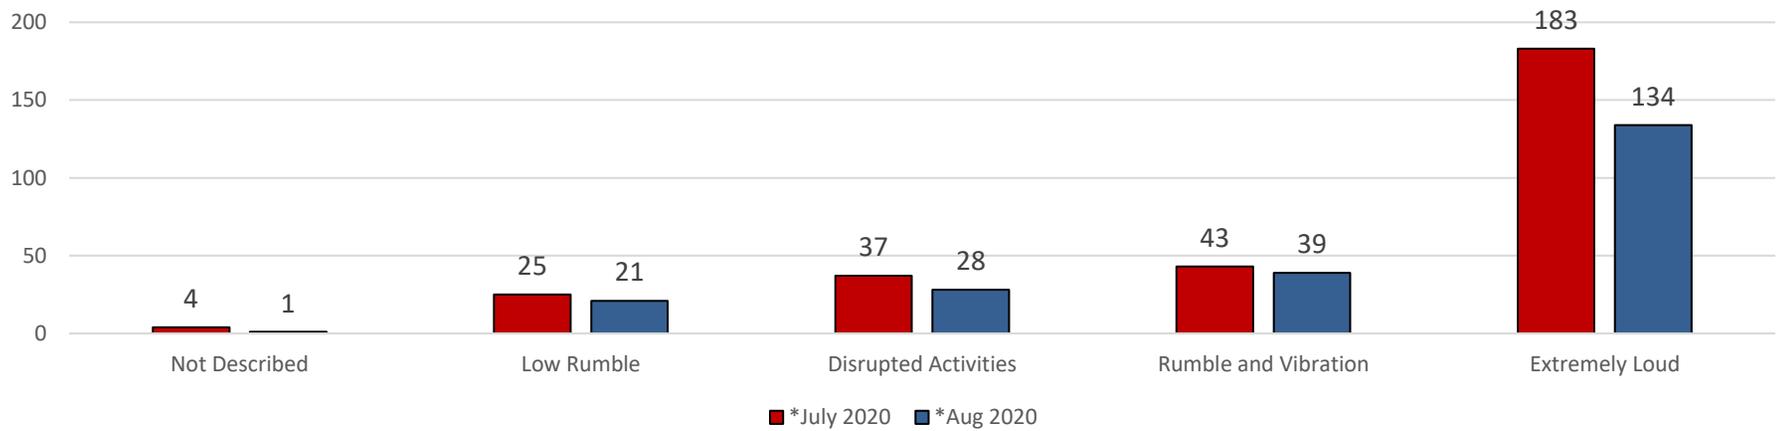

Jet Noise Reports January - August 2020

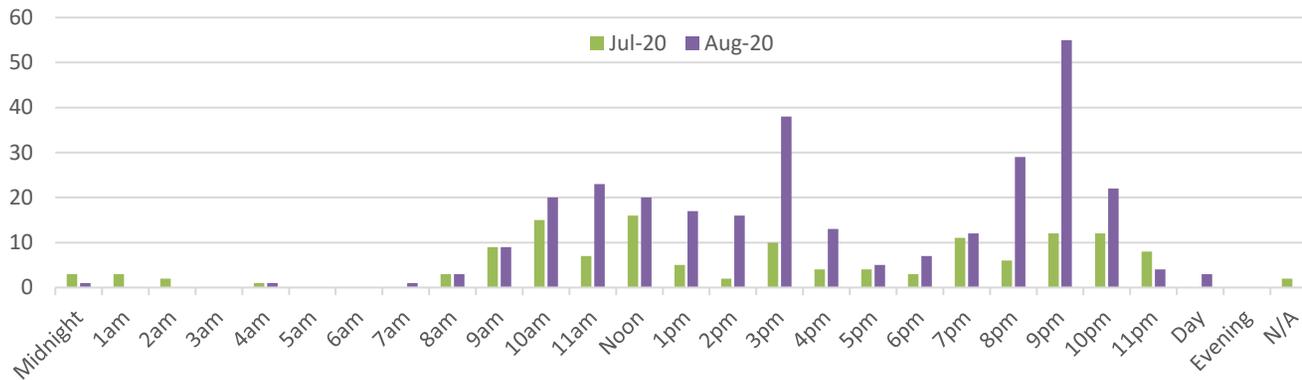

Outside San Juan County
Reports of Jet Noise by Type of Noise
July-August, 2020

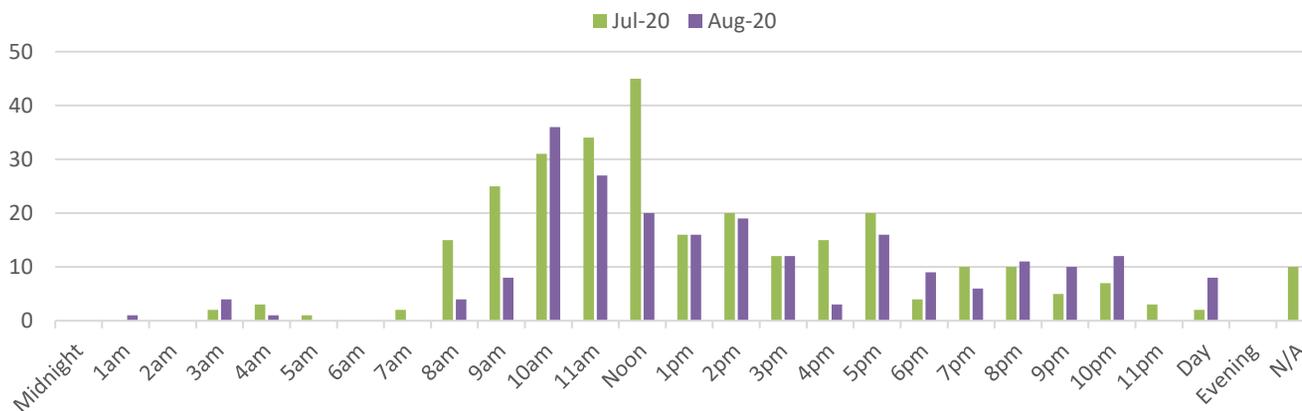

Inside San Juan County
Reports of Jet Noise by Type of Noise
July-August, 2020

Outside San Juan County Noise Reports by Hour of the Day July and August, 2020

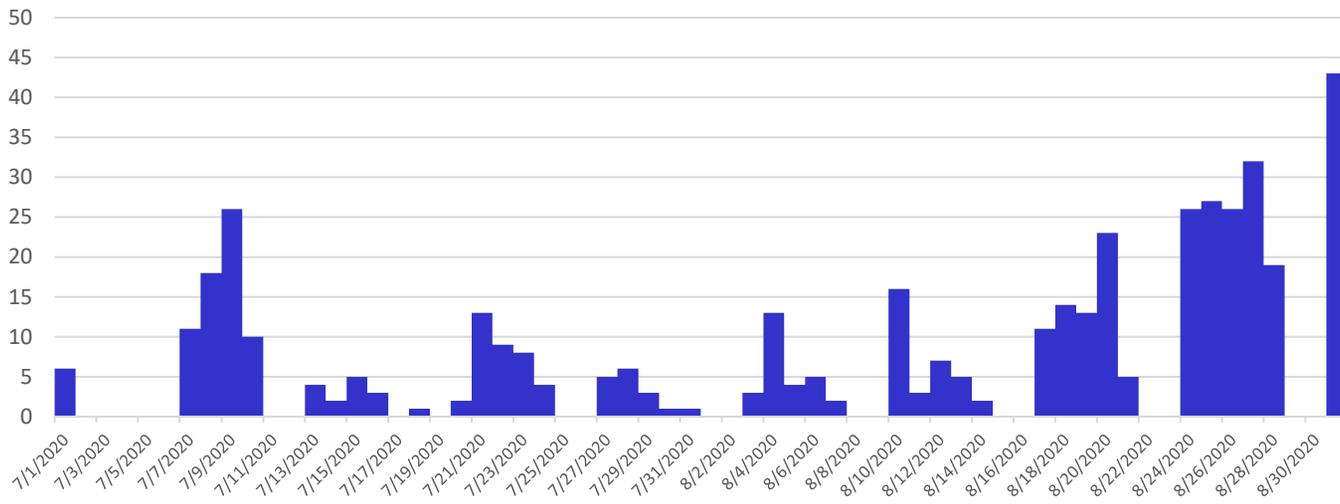

Inside San Juan County Noise Reports by Hour of the Day July and August, 2020

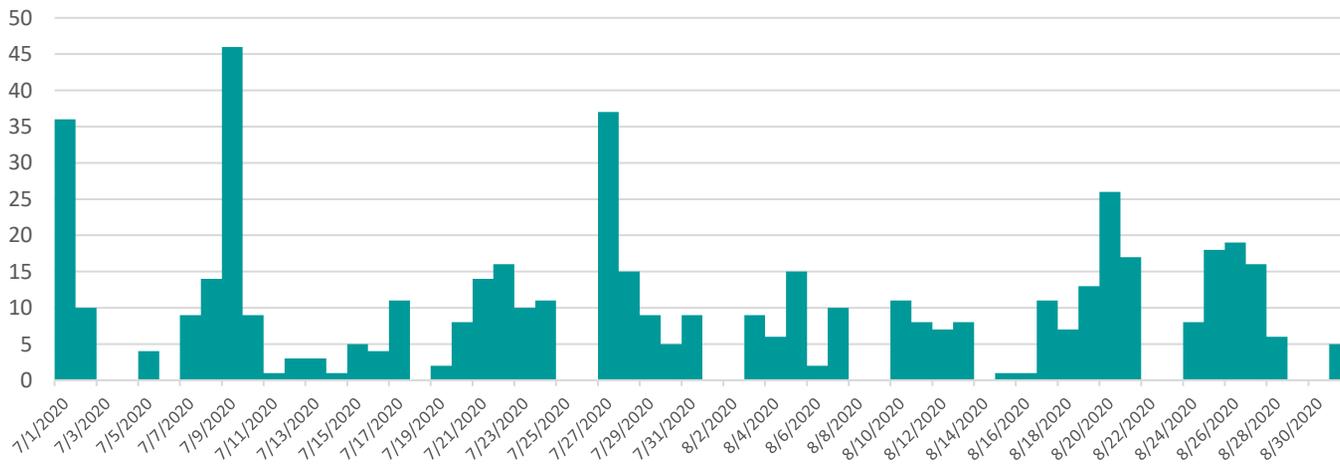

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Sometimes reports do not include a specific time. For those, related data may indicate Day or Evening noise disturbance, or N/A.

Note that there are hours of varying noise incidents. The Navy persists in using "annual noise averaging," significantly underestimating of the impact of jet noise. There is no "average" level of noise felt by residents. The noise is variable and unpredictable.

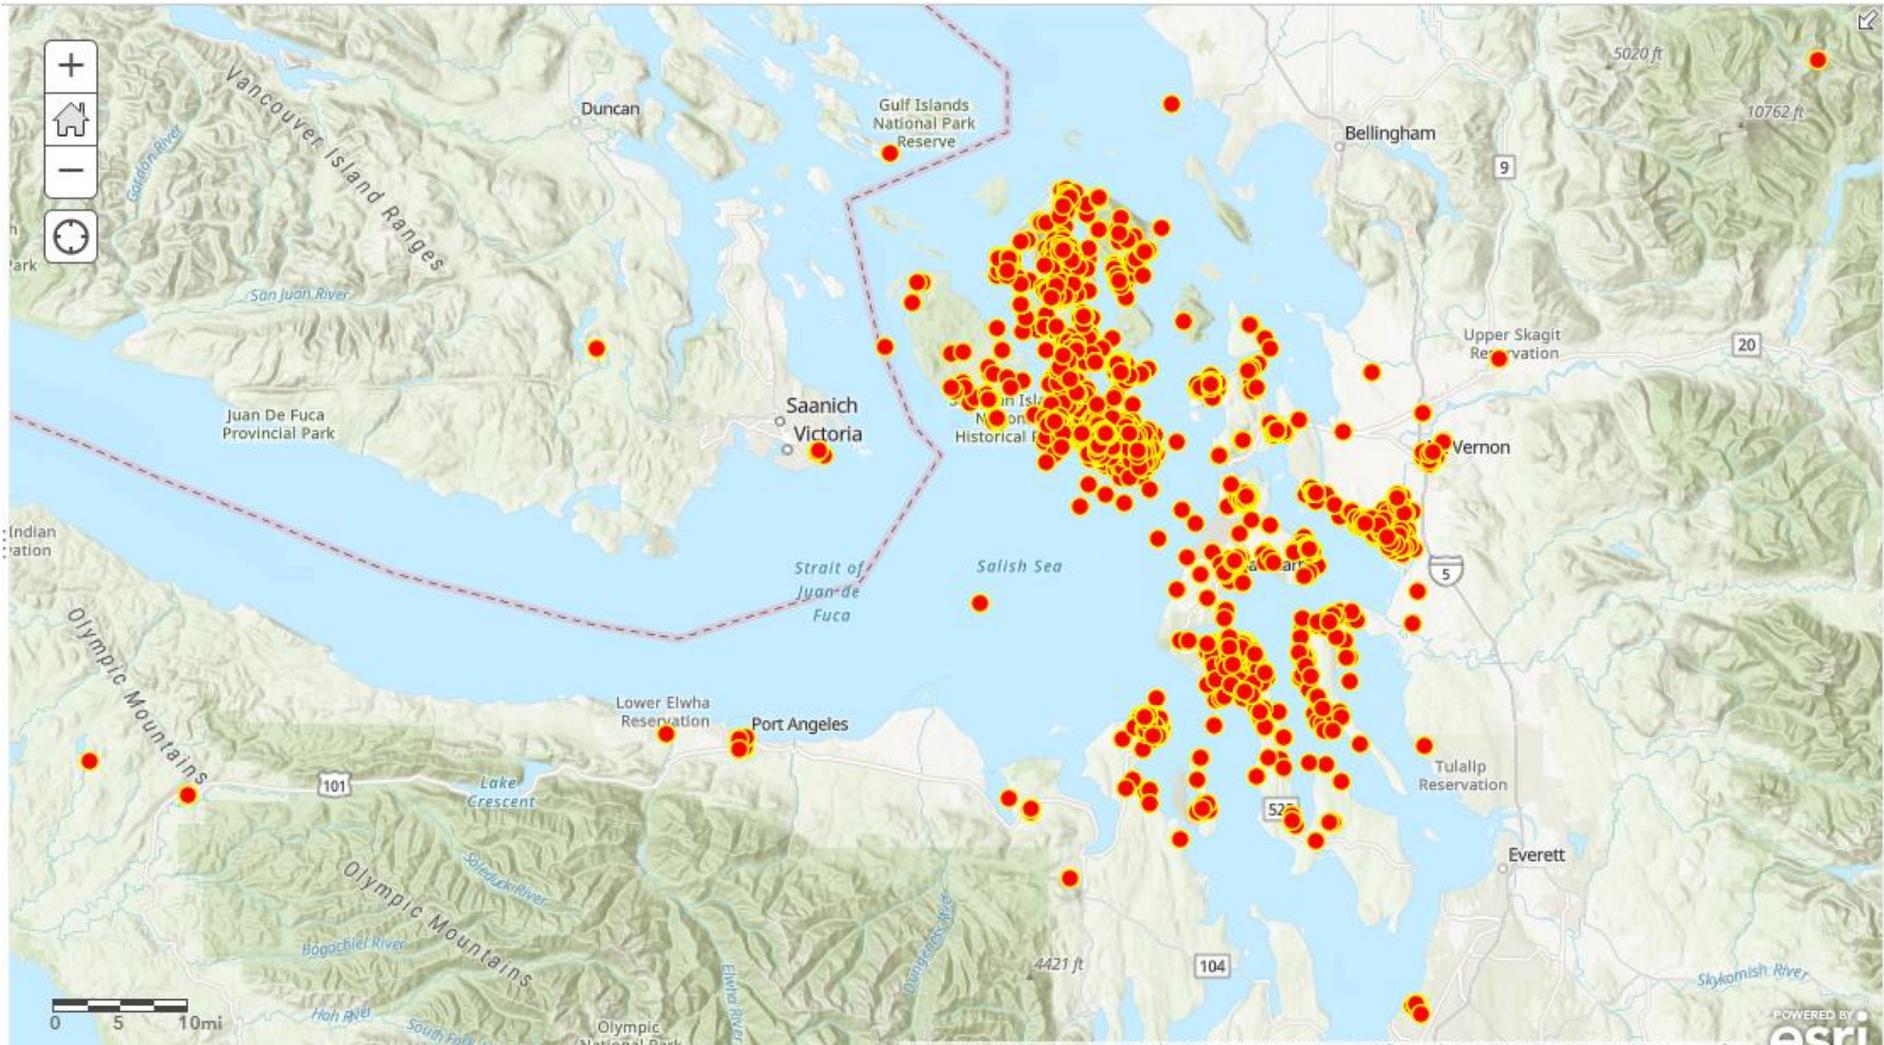

Outside San Juan County
Jet Noise by Day of the Week
July and August, 2020

Inside San Juan County
Jet Noise by Day of the Week
July and August, 2020

Another example: As described in the previous chart, the Navy persists in using “annual noise averaging” to justify its statements of low impact. As you can see in this chart, there is no “average noise” felt by residents. The noise is variable and each day is unpredictable.

This picture of the Aircraft Noise Reporting Map includes the larger region. People outside of San Juan County began having access to the aircraft noise reporting website in Fall 2019.

This map is reduced to fit this page. Thus, the reproduction of the multi-colored dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots. This map represents reports since August, 2019, over 5720 reports.

Comments Submitted with July and August 2020 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted.

1:20pm, July 1, 2020. Constant roaring and rumbling of jet noise from NASWI today.

10:41am, July 1. SCREAMING and ROARING Growler jet overhead. I was outside. DEAFENING. ABUSIVE.. South Lopez.

11:05am, July 1. South Lopez. Noisy jet. Very loud.

11:10am 7/1. Roaring jet noise, South Lopez.

Several growlers well over 100 decibels this morning. Damaging to hearing!!!! Stress level very high.

12:40pm 6/1. Working outside. Jet noise in the air is incredibly loud and persistent. Continuous roaring and rumbling. South end of Lopez.

12:50pm. July 1. I have to complain about the loud jet roaring from Whidbey. It is echoing around the sky, like rolling thunder. A steady, deep roar. South Lopez.

12:56pm, July 1. Not only do we have constant jet rumbling, but right now we have an incredibly loud jet over us. Lopez, south end.

12:59pm, July 1. I am REALLY AGGRAVATED. That jet noise from Whidbey is invading everything. The air is filled with jet noise from Whidbey. What are they doing, revving up all their jets? Mud Bay Lopez.

"112.5 decibels

2:44pm, July 1. Growler LOW over Mud Bay, Below the clouds. First the SCREAM of its approach and then the roar of its flyoverand the following roar as it turns to Whidbey. TOO LOUD.

3:58pm, July 1. TWO GROWLERS over Mud bay. Shrieking and roaring. Flying low below the clouds. Now we get the ROAR as they veer away. What business do they have flying over Mud Bay toward the northeast? Harassment.

4:05pm. July 1. AGAIN! TWO GROWLERS FLYING LOW OVER MUD BAY. EAR SPLITTING.. SCREAMING AND ROARING. TV drowned out, can't think, can't hear each other. This is abuse.

5:12pm. July 1. ANOTHER Growler jet flying over Mud Bay. LOW LOUD. Screaming and Roaring. Blots out every other sound. Flying northerly. Today must be Navy Torture Day.

5:48pm. Growler low over Mud Bay. Shrieking and screaming and roaring. DEAFENING. Still roaring. Heading North, northeast.

5:51pm. July 1. Welcome to the landing strip for the Navy growlers: Mud Bay. All afternoon jets are screaming over us. This one came a few minutes from south to north, right after another. Screaming, and now the deep roaring as it veers away.

6pm, July 1. More roaring jet noise. getting tired of reporting it, but need to make sure we are tracking the level of abuse by the Navy.

7:35pm. July 1. LOUD LOUD LOUD Roaring Jet over our home. Mud Bay.

Another disturbance from the military jet.

Another night of constant low flying jets screaming overhead. F*** em.

Geez!!! Low LOUD GROWLER OVERHEAD disrupting my podcast! Here it comes again!!!!!! So ANNOYING all day Growlers today!!

Get your GOD DAMN JETS OUT OF OUR SKIES!!! WE NEVER AGREED TO BE PART OF YOUR WAR GAMES PRACTICE!! WE ARE NOT PART OF YOUR BASE!!! GET THOSE F***ING JETS OUT OF OUR AIRSPACE!!!

"Horrendous metallic roaring, searing tearing sounds 65-80 dB inside with each pass. Lasts few minutes each time, sound dying off in time for the next Warplane. Pure abuse of civilians. Wrong day to get off work early and head to Anacortes-

I think they are growlers. They have been flying all afternoon. The last one caused my windows to shake and I have to put earplugs in.

I was on a national zoom call webinar when the Growler screeched so loud overhead that inside my own home I could not hear the webinar. While outside walking earlier through Lopez Village, the Growler screeched overhead so loud I had to hold my ears.

It's been quiet for awhile. Today it started again. One jet flew low right over our house. Bummer. We had enjoyed the quiet.

Jet in skies immediately over Shaw. Insane noise.

July 1 4:56pm. ANOTHER loud jet overhead. South Lopez. It has been a very loud and noisy jet day.

Literally getting fly overs every 2-4 minutes. I could sit at my computer and make 15-30 reports for 2-3 hours but who the F*** wants to do that. TLDR F*** the noise. F*** the navy. F*** the jets.

low flying growler, very loud

Off and on over flights throughout the day. 3 aircraft at one time. It's like they are at war with the citizens they supposedly (not) serve. I/we have come to hate our navy. The pandemic, Climate Change and the Navy - the trifecta of misery.

Single fly over that was extremely loud and disruptive with cloud cover to reflect noise down.

STOP TORTURING US ON LOPEZ ISLAND!! WE ARE NOT AT WAR WITH YOU!! WE DO NOT DESERVE TO HAVE OUR PEACE DESTROYED BY YOUR DAMN GROWLERS!!! LEAVE US ALONE!!

The LOUDEST LOWEST JET JUST WENT OVER!!!

Two growlers back to back. Right over the heart of Lopez. Apparently they can fly whenever and wherever. So in war time they talk about owning the skies, but I thought we were civilians, not some enemy to be harrassed

Two low flying Growlers

Way too loud for my dogs

At Lopez School, 9:50am, July 2. Roaring of jet noise.

Lopez School, around 11am. July 2. Two Growlers roaring overhead. Seem to be heading north.

Lopez School, July 2, 11:33am. Two growlers overhead. Screaming and roaring.

Lopez School. Around 11:15am. July 2. Growler overhead. More roaring. Cannot hear each other.

Lopez School. 10:10am, July 2. Loud jet noise.

Lopez School. July 2. Around 11:20am. More very loud jet noise. Why are they flying over the middle of Lopez?

Low flying growler aircraft with wheels down

Second day in a row of VERY LOW LOUD GROWLERS overhead all day long!

Woodmen Hall, Senior Center, July 2, 2:37pm. Extremely loud growler jet overhead. Maybe two because the noise is excruciating. Lots of jet noise over the middle of Lopez today.

3 growler formation direct flyover

Three growlers traveling roughly sw to ne. Flying low and loud.

Three Jets! A beautiful evening totally disrupted. Absolutely no reason to fly over Davis bay. Sunday the day of rest. Training, hardly. Just flexing their muscles. 5 minutes.

1:05pm. July 7. 4 maybe 5 Growlers over Lopez. Flying in formation and as they veered around I could not tell if it was four or five. LOUD LOUD. Flying from NW to SE, which means they were over mid-Lopez. Why do they have to do this? Showing off?

10:13am, July 7. VERY LOUD Deep rumbling and roaring jet over South Lopez.

10:20am. July 7. ANOTHER LOUD ROARING JET over South Lopez. Sky is echoing with loud roaring.

10:27am, July 7. ANOTHER LOUD JET over South Lopez. ROARING ROARING.

Too low, too often too loud, too late...."

5 Growlers flying together under 1000 ft over my hours

8:45am, July 7. I was in a totally enclosed room around 8:45am yet heard and felt a VERY NOISEY JET overhead. Loud and long roaring. Long roaring.

After hearing farther off echos of F-18s pounding Coupeville for hours during the day from work in Oak Harbor, now almost 9:30 pm and it's roaring in the distance heard from Anacortes. Awful, harmful noise pollution.

Came home late night to find jets flying. Can't go to sleep with them above the house so read a book until 12:30-ish when they stopped. This is not right.

Direct flyover prolonged

Jets flying our pattern. No outside work possible. I closed all the windows. Still too loud in house. Wife is trying to have a conference call. She has to stop every minute or two to let the jet pass. So much for working at home.

Mackaye Harbor, Lopez, 7/8/2020, 11:41am: Crushingly loud overflight. 91.8 decibels on cell phone. Hurt our ears. Growlers DO NOT BELONG AROUND PEOPLE - especially in areas set aside for quiet. Shame on Larsen and Murray.

Nearly midnight, loud and painful noise. Can't sleep. Even my deaf son can't sleep due to vibration. Very unhealthy. Inconsiderate. Military supposed to protect not hurt the citizens.

Ongoing for several minutes.

Painfully loud, ears ringing.

S Lopez, 7/7/2020, 8:45am: Giant ROAR - ovrflight

This causes profound disrepute on the part of not only the inhabitants of the locality, but the citizen in general. We convoke on the Navy to resume its true and honorable role!!! Fly elsewhere, please. Ken

Woke me from a dead sleep flying low over Coupeville.

Your gross insensitivity to the needs of this community, for a stress-free quiet pastoral setting without jet exhaust pollution is recreant to standards of human compassion & caring for the wellbeing of others. STOP FLYING HERE!

Consecutive nights. Nonstop loudness all evening long. Can't get to sleep. Have to start working early tomorrow. Give us a break.

1:00pm. July 8. Outside. Jet(s) roaring around. Always the sound of war in the skies. A steady roaring and rumbling.

10:46am July 8. Very loud jet roaring over us, Mud Bay, Lopez. Long roar, and now it is roaring more. So loud I could hear it over the TV.

10:51am. July 8. THREE SCREAMING GROWLERS FLYING LOW OVER MUD BAY, FLYING NE. DEAFENING. Now ROARING. What is the purpose of laying all that noise on us? This is abuse.

8:50pm. July 8. I was outside but could not stand the jet noise in the skies anymore. The air rumbled and roared....a constant thundering roar. Had to come inside, close doors and windows. It is too much.

9:48PM. July 8. The jet roaring in the skies continues Does the Navy recognize that folks want to sleep? South Lopez.

All day. Rumble Rumble Rumble. Hush houses are such an easy solution

Been on-going most of the day, enough already.

Flying low, right over our house on Mud Bay

Flying very low from south over Barlow Bay/Aleck Bay area.

F*** the jets

Give it a rest already

Horrible ongoing roaring. HORRIBLE NOISE, deeply disturbing and unsettling. Earlier, jets overhead, extremely loud. HORRIBLE NOISE.

Jet noise here is most suggestive of a demented sadomasochistic enmeshed system of thinking embraced by the Navy jet grower system and its commander. Get clear about it, STOP FLYING HERE!!

Later and later. Louder and louder. This is ridiculous. Take it out to the desert.

Low level growler aircraft with gear down

noise all day. from flyovers to run ups Its now almost midnight.

Not supposed to be using Lopez as a war zone?

Ongoing for hours. Too loud to sleep.

"please stop the noise. We can't enjoy dinner. We can't go outside. We can't open the doors and windows on a warm summer day. My head is pounding from the noise and stress.

KK Coupeville, Washington

Really, it's after 9PM. Kids can't sleep.

S Lopez, 7/8/2020, Wed, 11:43am: Heavy vibration - 70 decibels on the C scale - house shaking, Body shaking.

S Lopez, 7/8/2020, Wed. 11:50am - 12:30pm: Continuous giant roars from Ault field.

Talking now on the phone to a friend about gardening. Your jet's incessant long-lasting cycles of noise is prohibiting normal conversation, which is

disruptive and damaging. When are you going to get it? STOP FLYING HERE!! Ken

"These planes were flying past 12 midnight on 7/7/20----is that really necessary?

We could not get to sleep while they were flying and we were so aggravated, irritated, and disturbed by their incessant, unrelenting ear-shattering, deafening noise that"

Trying to talk to a friend on the telephone now and I cannot hear him because of the jet noise. Ken

TV volume has to be way too loud just to hear it over the noise.

Until 11PM last night and all afternoon. Give it a rest please.

You again are intentionally inflicting noise and jet exhaust pollution onto this community which is disruptive and harmful to life's activities! STOP destroying the quality of life here. Get a moral compass stop using us as the enemy to be destroyed.

1:02pm. S. Lopez. July 9. ROARING Jets in the skies. The noise is egregious. the GROWLERS ARE WRONG for this region. Legislators: YOU are wrong for supporting this.

11:44am, July 9. Ear splitting Growler jets roaring overhead. Mud Bay. I am wearing noise cancelling headphones, yet the jet noise over-rode the webinar I was listening to.

11:45am, July 9. Immediately on the heels of growler roaring over us, here is ANOTHER. Shrieking and screaming jet noise, right through my headphones. Totally missed some of the webinar points.

12:28pm. July 9. Rumbling, rumbling, rumbling, rumbling. Noisy jet activity at Whidbey. Persistent jet thunder, when there is no thunder. South End Lopez.

12:32pm. South Lopez. More rumbling roaring from NASWI. Legislators who ignore this are really saying to us "Degradation of your living environment does not matter. War is more important. The military can do whatever they want." This noise is WRONG.

12:36pm. July 9. The roaring and rumbling from NASWI is now continuous. What are they doing, launching every jet they have? This is annoying and distracting. The noise comes right into my home. South Lopez.

12:43pm, July 9. Just got another BIG BLAST of jet roar and rumble, almost sounds like the jet is coming our way. South end, Lopez.

12:44pm, July 9, S. Lopez. ANOTHER rumbling vibrating percussive roar from Whidbey.

12:47pm. July 9. S. Lopez. The sky thunder from jet activity is just driving me crazy. Sounds like a war outside. Now ANOTHER burst of booming and roaring. And it is continuing: 12:48pm, 12:49pm, 12:52pm a HUGE BURST, 12:53pm. You get the picture.

12:55pm. Big roar in the skies. VIBRATING throughout my home. Noise from Whidbey continues. I am heading north. This noise is too aggravating. Why would ANYONE want to live in this region. It is a WARZONE.

12:59pm. July 9. Jet noise all over the place. South end of Lopez.

3:10pm. July 9. here we go. All the jets launched earlier today from NASWI, with tremendous roaring, are now roaring right over us. What, coming home after circling around? Waste of our taxes, flying this fuel-guzzlers.

3:47pm. July 9. Loud growler over Mud Bay on Lopez. First a shrieking roar, and then the long tailing roar.

5:10pm, July 9. Loud jet over South Lopez.

9:11am, July 9. Rumbling Vibration from Whidbey jet activity. Here's an analogy. It is like having the garage door rumbling open in your room.

9:33am, July 9. ANOTHER rumbling, vibrating roar from Whidbey. South Lopez.

9:36am, July 9. ROARING skies. Almost sounds like 10 jets taking off at once. South Lopez.

All morning using Lopez Island as target practice. These plans are designed to use noise as an intimidation factor, so why are we being used. This is BAD.

"Already getting terribly loud- hurting the ears and vibrating the floor and windows in our medical clinic in Oak Harbor. Horrendous noise pollution.

Hard to concentrate/work in this poor quality environment. "

Another "day at the Preserve" Destroyed. It used to be we could get away from the noise, but the Navy is seems to be on a search and destroy every place of solitude!

Call made to Navy complaint line- plane noise was so bad, it may have made my message impossible to hear!

Cannot carry on a telephone conversation due to jet noise. You again are intentionally inflicting noise and jet exhaust pollution onto this community which is disruptive and harmful to life's activities. STOP FLYING HERE! Ken

Can't hear the TV and it's terrifying the dog.

Disrupting web meeting within home

Due to the jet noise we were unable to stay outside and finish the yard work.

For whatever reason, the Growlers seem to be exceptionally loud and perceivably low today as they practice. They also seem to be flying more directly over Anacortes rather than a wider circle out over the water where there is less population.

Fourth jet today. Very disturbing.

F*** the jets

F*** the jets

F*** the jets

F*** the jets

F***ing christ. 40 different separate fly overs in 1 hour 20 minutes. 40. F***ing bull shit. F*** the jets.

GET YOUR SCREAMING GROWLERS OUT OF THE SKIES OVER LOPEZ!! WE ARE NOT YOUR BASE!! WE NEVER SIGNED OVER OUR HEALTH TO YOUR DAMN WAR GAMES!! YOU LEAVE ME WITH RINGING EARS AND HEADACHES WHEN YOU VIOLATE OUR PEACE!! STOP ABUSING US ON LOPEZ ISLAND!!

Growlers starting up nighttime flights again -- loud rumbling until 11:30 p.m. for second night, as with previous weeks. Followed this morning by early flights. No rest....

I was outside gardening. Can an aircraft get any louder—it is terrifying!

Inside my home, and can't believe a second day in a row, there is this horrendous sound of the Growler. Today two came, one right behind the other. In God's name, why is this happening over our homes. We're all inside working!

It is 3:21pm. Since 12:12 pm today we have experienced non-stop flights over Anacortes, some louder than others, necessitating window closure.

Even then we could not speak on the phone. We feel assaulted by the noise, and I don't think it is over yet

Jesus F***ing christ. Flying over house all morning. F*** the jets

Jet fly overs every minute? F***ing really? I F***ing timed it and it was 1 min 9 seconds between fly overs. F*** the jets!

JETS IMMEDIATELY OVERHEAD, ROARING ROARING ROARING. NOISE TEARS THE AIR APART. THIS IS HIDEOUS NOISE, COMPLETELY INVASIVE, DEVASTATINGLY NOISY. JETS CIRCLING AROUND ROARING, AGAIN AND AGAIN, IMMEDIATELY OVERHEAD.

Lopez Village, 2:15pm, July 9. Distressed by the loud aircraft over the Village today. That's the sound of Growlers.

Loud and late at night. Can't sleep or watch tv or listen to music or read in peace. Too many hours and days of jet noise due to the Coupeville touch and go site.

Low flying growler aircraft likely with gear down

Low rumble

Low rumble

Military scum tortured me for several hours today. You make life unbearable and terrifying every day. F*** you, navy scum. I deserve to be treated like a human being.

Multiple low flying growler aircraft

My brother visited today - haven't seen him in 3 months. Jets flying forced us to have short visit. He was amazed at the rumble. I shared what it was like when they are right overhead. The Navy is abusing the citizens.

Numerous GROWLERS overhead frightening birds out of trees and disrupting my grandsons play!

Planes flying a loop around Fisherman Bay for 10 minutes.....very loud and disruptive if you are outside.

Roaring jets overhead. HORRIBLE NOISE. HORRIBLE VIBRATIONS. HORRIBLE DISRUPTION. HORRIBLE SENSE OF UNEASE AND DREAD. Allowing this dreadful noise is unconscionable. Whoever sanctions this should be made to experience it to see how they react.

S Lopez, 9 July 2020, Thur. 9:30am - 10:45am: Huge house rattling roars. No FCLP's scheduled for Ault field - but here they are . . . on and on and on. Cont. on - 11:30am - 3:45pm. 7 hours of noise. 1,300+ gal of fuel/hour for each plane.

Several blasts, rattling windows in house.

Several jets flying in sequence, one extremely deafeningly loud

South Lopez. 1:34pm. 7/9/2020. Roaring, rumbling, vibrating NOISE from NASWI continuously and right now. If they have jets that make so much noise that it carries over 14 miles and vibrates through my home, something is WRONG. Growlers are WRONG.

Third time this morning that jet are flying over.

UNBELEIVABLE - THIS IS AN AFFRONT.

Waiting in line for ferry. Loud aircraft overhead. While sailing, several aircraft rumbling noisily over the water from Friday Harbor to Anacortes

Why so loud and low?! We can't go outside, we can't talk or hear anything inside. Our teeth are gritting. Our nerves are shattering, our ears are hurting. Along with our pets and young children we are scared and upset with these sudden outbursts.

Woke my son up from a nap!

"You again are intentionally inflicting noise and jet exhaust pollution onto this community which is disruptive and harmful to life's activities. ACT RESPONSIBLY WITH COMPASSION, PROTECT US AND STOP FLYING HERE!!!! K S

You impose an absurd and perverse situation on us, incompatible with the basic conditions of human existence. This is absolutely unacceptable!! Geat a moral compass and stop the destruction! Ken

1:20pm. July 10. South Lopez. Clearly, WAR has been declared. The skies are FILLED WITH JET ROARING. Wonder how many people are dead as the result of what sounds like jet bombing. Tourists: Come to Lopez and enjoy the WAR ZONE.

10:19am, July 10. Cloudy skies, but there is some loud jet flying going on over South Lopez. The typical deep pounding roar of Navy jets, not a commercial jet.

10:28am, 7/10. Continuous jet rumbling, as if jets are just rolling around which I imagine they aren't, but the noise is distracting. I'm continually glancing up to see if there is a truck in the driveway or some reason for the noise. Now a BIG ROAR.

11:07am, July 10. Loud roaring jet over South Lopez....again.

12:04pm. July 10. Constant jet roaring and rumbling in the sky, as if there is constant thunder-rolls. Very discouraging. Was hoping to walk today, but WHY? To listen to jet noise? Shut in my house. Nowhere to retreat to.

2:37pm, Friday, July 10. The WAR continues. Another booming jet roar. South Lopez.

"2:42pm. July 10. Roaring jet noise. S Lopez. The roaring is echoing off the water, I think/

Fills the air in echoing, roaring bursts. Very annoying. Unpleasant to have the doors and windows open. Noisy jets belong elsewhere, not where people live."

4:19pm, July 10. Big jet roar. South end of Lopez.. Deep and roaring and percussive, as if jet just took off and was accelerating fast and high.

Came home to jets flying so close together I couldn't even get from my car to the house without being hit. They pass over the house one after another, right above the trees. This is not right.

Disrupting mandatory work from home

Disrupting web meeting & phone call

Flying very low at high speeds and banking above the Town of Coupeville seems dangerous and excessive. It is impossible to think and enjoy being outside at these levels.

F*** em

F***ing bullshit

more military fly overs. F*** the jets

Painful, punishing noise from practice planes. Impossible to do anything inside or outside. Flying right over house. My deaf son with cochlear implants is also uncomfortable.

"the noise is unbearable!

K K Coupeville

You again are intentionally inflicting noise and jet exhaust pollution onto this community which is disruptive and harmful to life's activities. The Navy shows no responsibility and commitment to the local community. Transcend your destruction.

11:52am. Saturday, 7/11. HUGE 4-engine jet flying VERY low and slowly over Mud Bay. I have no idea what kind of aircraft it was since I only got outside to see as it passed away to the north. The noise was both shrieky and roaring. Deafening. P-3?

Low rumble

why these are still flying, let alone in the middle of the night, is beyond me, given the economy and situation now due to the pandemic.

woke me up for the second time. why these are still flying, let alone in the middle of the night, is beyond me, given the economy and situation now due to the pandemic.

12:01pm. July 13. VERY LOUD DEEP jet roaring, South Lopez. Annoying. Why be outside when it sounds like a coal train is roaring down the road?

The source of this EA-18G noise pollution is Oak Harbor. Low-frequency noise (LFN) carries great distances over the water.

Flyover!!!

Roar and loud rumble from the direction of Oak Harbor.

10:01am, July 15. S. Lopez. LOUD jet noise, The noise rolls around, echoing.

4:19pm July 15. Prolonged scream and roar. Can not see due to trees, might have been more than one Growler, but the noise is DEAFENING. Still roaring. South Lopez. 4:21: Still roaring.

7:55pm. July 16. Loud rumbling in the skies from Whidbey. South Lopez. Annoying. Worked hard today. I need a quiet night.

Excruciatingly loud. Afterburners on high. Terrified a visitor.

Noise pollution from the direction of Oak Harbor.

S Lopez, 15 July 2020, Wed, 10am: Overflight - everything rattling

Single jet, heading East, rather high but so loud we had to suspend a phone call until it left the area.

3:40pm, July 16. Excessive roaring in the skies. It just keeps going on and on and on and on. Like a coal train going by and never ending. LOUD LOUD LOUD. S. Lopez.

3:55pm. July 16. Another BIG ROAR from Whidbey. S. Lopez

6:53pm. July 16. Hellish roar in the air from Jets. Sounds like they are just rolling around. Very very loud and penetrating.

9:36pm, July 16. I don't know what the aircraft is, but it is deep, loud and roaring, like a Growler. A threatening noise. I was startled by the noise. It came on slowly and lasted a long time. Not a commercial plane. South Lopez.

Crashing of Storm Waves "Drowned out" by Growlers. You can't hear the commercial jets from the same distance. This is an affront!

Disturbing to hear these very loud noises...at least two other time today around 9:30 and 10:45 also

Loud disturbing sound heard from inside the house....

10:05am. July 17. S Lopez. Very loud jet roaring just to the south of us. It may as well be on top of us. Deafening.

10:14am, July 17. Trying to talk to a contractor about our drains and the jet noise is too loud.

10:29am, 7/17/. S Lopez. Too much jet noise in the air. Seems like it is everywhere.

10:40am on July 17. South end of Lopez. BIG ROAR from jets. It has been almost continuous this morning.

10:45am, July 17, 2020. South Lopez. The jet roaring in the skies is so annoying. Like constant thunder.

10:59am. July 17. Almost continuous roaring of jets in the sky. What are they doing? Launching then rolling around in the skies? VERY NOISY.

12:20pm 7/17 When commercial planes or private planes fly overhead, we hear them and see them, and then they are gone. With the Navy jets they can be 15 miles away, unseen, yet their noise bombards us. That's WRONG. Get rid of the Growlers. S. Lopez

9:45am. South Lopez, July 17. Very loud jet roaring in the skies.

July 17 10:30am. HUGE Roaring jet noise. South Lopez

Such a disturbing noise to listen to in the peaceful setting of nature why?

woken up 4x this week at the same time from the growlers.

12:19pm, July 20. Incessant jet noise rumbling in the skies. South Lopez. A hreatening constant thunder.

2:16pm. Huge WAVES of roaring jet noise from Whidbey. It penetrates every bit of air with the noise. It is annoying, distracting and uncomfortable. The noise rolls on the air, like some rollercoaster. Growlers are TOO LOUD. Get them out of here!

2:29pm. July 20. I would like to walk outside, go to Iceberg or Watmough because it is such a lovely day, but I am discouraged about that because I just stepped outside after a day of work and the skies are filled with jet noise. ROARING.

20 plus jets all day long, Its like we don't exist. And I still don't see any improvement in Americas prestige. No wars, just war machines.

8:55am, July 20. Rumbling jet noise. It can only be Growlers. It is so loud,and deeply rumbling. S. Lopez.

About 7:05pm, July 20. Out walking and my ears were blown apart with shrieking and roaring jet overhead. South Lopez.

Rumble from Ault and flying overhead

There are no hiding places from these metal monsters.

why are these even happening at all let alone at 4 in the morning!

1:34pm. Only a Growler (or more than one) can make this type of roaring rumble. Very loud roaring from Whidbey. Noise of jets flying around. S Lopez.

1:50pm. There is almost constant, low, threatening, rumble in the skies. If I am hearing it at this noise level up here, I cannot imagine what it is like for those under it. Lopez.

10:23am. A rumbling roar a few minutes ago, and now a roaring screaming jet overhead. I am inside so I cannot see it, but I can certainly hear it. South Lopez.

11 at night and jets shattering night quiet directly overhead our homes

"3 other seperate times earlier in the day as well at least...the noise is very unpleasant...

How is this affecting the climate change with so many flights taking place ...expending 1100 gallons of petroleum for each hour in the air? "

5:32pm. TOO MUCH NOISE IN THE SKIES!!!! Jet rumbling loud and deep. South Lopez.

5:45pm. July 21. VERY DEEP LOUD ROARING of jet activity. South Lopez. It is throbbing, persistent penetrating rumbling and roaring. It is disturbing and intrusive. Growlers have NO BUSINESS being located in this region.

8:04pm. July 21. Another huge rumbling roar of jet activity. South Lopez. It is continuing as I am typing this. Continuing..... Still rumbling and roaring.....

8:31pm, 7/21. When I can hear the roar of jet activity over the noise of the TV & the dishwasher, & the jet that is generating that activity is not in my sight, then I know that jet noise is too loud. It is too loud. It is an annoying ROAR. S. Lopez.

8:54pm. 7.21. KABOOM! It comes suddenly: a huge booming ROAR. In my poor experience, only Growlers make that deep, threatening roar. I can't see it. But the noise is LOUD and distinctive.

8pm, July 23, Loud booming roar from the south. Lopez.

Bombing the Olympic National Forest with jet fuel and noise, Jets celebrate another day of destruction of the quietest place earth ripping the skies in the straits apart inundating the neighboring communities with their deafening engines. All Day!

Direct flyover at this hour? How is this allowed???

F***ing necessary at 11pm? F*** no but the jets are still flying over my house. F*** em

Jet noise throughout the day today, too many to report individually

Loud enough to waken us at 1:55am

Loud, rumbling jets, with vibrations before and after passing over.

More flyovers - it is very late at night

The loud sound lasting over 2 minutes and a second one to be heard soon after at 5:39 PM lasting equally as long...

These night-time flights disrupt sleep!

"Two jets traveling east, flying rather high but so loud that an outside phone conversation had to be suspended until they left the area.

Not sure why they had to use so much power that the noise was so loud on the surface."

11:51am. July 22. South Lopez. Roaring jet noise. TOO LOUD.

12:02pm. July 22. Big roar, then soon followed by the jet roar of the jet flying over South Lopez.

12:26pm. July 22. BIG roaring rumbling of jet noise. Annoying. Destructive of peace on this island. S. Lopez.

12:32pm. July 22. Roaring jet over South Lopez.

12:40pm. July 22. Roaring jet over South End, Lopez.

2:42pm. Big jet roar fills the skies. So disgusted with the Navy. Growler jets destroy this region. Destroys it. Legislators turn their eye & ears from it. One day they will be visited by the way they have let this region be destroyed as a war zone.

4:19pm, July 22. Deep deep pulsating roaring of jet activity from Whidbey. Lopez, south end.

5:58pm, July 22. South Lopez. This day has been an abomination of jet noise pervading the air, pervading the skies. No peace today. Throbbing jet noise.

7:33pm. July 22. Roaring, throbbing jet roaring over South Lopez.

"An important thing to keep in mind is that any noise report can't indicate the duration of the noise

Each breach of the peace can extend over a long period of time"

Deafening blast from flyover.

I support night time jets doing their job but 2 am is NOT acceptable. This morning multiple jets flying over Dugualla Bay

In peace time. Our military should not need to terrorize the American population. It's bedtime and the jets are shaking the house

Jets have been flying over the hotel since at least 4:30pm. Every half hour or so. Loud and annoying. It's almost 9 pm and another one just flew over. I wouldn't book a room here again. The Navy flight website says that nothing is planned today.

Long duration of noise

Noisy flyover

So loud I couldn't continue phone conversation.

too loud to do normal activities

woken up again by the militant horrifying vibration

2:08pm, July 23. South Lopez. LOUD ROARING JET NOISE. LOUD and BOOMING. Distracts me from my work.

3:42pm. Very loud rumbling jet roar just broke into our hearing range, over and above the noisy weedwhacker. That's LOUD!!!!

4:28pm, July 23. Very loud scream and then LOOOONNNNNGGGG ROAR of jet over South Lopez. It sounds like the sky is ripping apart.

"5:30pm. South Lopez. Another jet boom in the skies. It's not thunder, but it sounds like it.

Awful low rumbling, vibrating thunder from the south. Evil sounds- very disquieting. Navy abuse of the landscape, it's people and creatures.

Growler noise has been extreme all week and has gone on as late as 2AM at night causing sleepless nights and much anxiety. This is definitely damaging to hearing and health.

low flying over the house. absurdly loud. too late in the day. just wrong.

Shrieking Navy F-18/Growlers en route to somewhere- clearly audible through the roof of our medical clinic building, louder than the HVAC. So loud compared to anything else that flies by (that we can't even hear inside) Mt Vernon

Since the 930 pm flight there have been several others, less noisy but still...930 pm flight was two very loud jets, so loud that conversation outside had to completely cease until they were past

11:20am, 7/24 Cloudy, so I cannot see; it sounds like more than one growler overhead. SCREAMING into our auditory recognition, then thundering over us, deep deep roaring as it seems to move away, but the roaring continues. EARSPLITTING. DEAFENING.

12:19pm. Why does Navy place such LOUD and threatening jets over us? Why must I have my day punctuated by LOUD jets that I know are far away, but they so clearly invade my space? Answer: legislators don't care about this region. Right now: LOUD JET.

12:23pm. 7/24. A few minutes ago taunted by LOUD jet noise, probably a take-off, and now the jet us flying over South Lopez. Shrieking and roaring. This is ABUSE. The Growlers do not belong here. This is GOVERNMENT ABUSE.

12:28pm. July 24. THIS IS "LET'S TERRORIZE LOPEZ DAY". THREATENING, DEEP, RUMBLING, LOUD, ROARING OF GROWLERS OVER US. Here is one right now! S. Lopez.

At least 3-4 growlers flying low over residences at dugualla bay at 1:39-1:45 in the morning. Can we at least have some consideration from the military about hours when families sleep?

extremely loud. third day. non-stop today. absurd

July 24. We have been enduring jets roaring this morning. South end, Lopez. Thunderous roaring.

Low and slow right over south Lopez. How hard is it to avoid flying over populated areas?

Low rumble disturbed my morning.

Roar and rumble from the direction of Oak Harbor.

Screamingly loud multiple growler flyover

What is there to say

1:02pm, July 27. A LOT of jet noise rumbling in the skies. Deep deep rumbling. It's annoying and distracting. I'm trying to concentrate on my computer work, but the noise jerks my attention because it could be a truck, a problem with the dishwasher.

10:11am. July 27. South Lopez. Low, deep, noisy jet rumbling over South Lopez.

12:41pm, July 27. LOUD jet over South Lopez. Rolling deep roar of the Growler.

12:52pm. Loud jet roar heard over South Lopez. Echoing, rolling, thundering noise.

2pm, July 27. TOTALLY ANNOYING to be outside. There is a steady roar in the air from Whidbey. LOUD, DEEP, STEADY. Accompanied by periodic jet noise in the skies as jets rove around. The Navy is an Environmental PEST.

5:39pm. July 27. Hoping to be outside, but the jet noise, which has been abusing us all day, is everywhere. Deep roaring.

8:10am, July 27. HUGE VIBRATING RUMBLING ROAR from Whidbey. Prolonged. I feel this right in the floor and into my body. Disgusting Abusive Navy. Derserving of NO RESPECT, since they have none for us. The beginning of another day in the War Zone.

8:33am, July 27. ANOTHER rumbling roar from Whidbey. When a jet is taking off 14 miles from your home and you hear and feel the noise and vibrating sound waves, SOMETHING IS WRONG. The Growlers are WRONG for this region.

8:45pm, July 27. Constant THUNDER from Whidbey. Jet noise rolling around, echoing around the hills and across the water. NOISE NOISE NOISE.

8:49am, July 27. A prolonged, loud rumbling jet roar from Whidbey. VIBRATING through my home. South Lopez.

8:52am. July 27. THERE IS THUNDER IN THE AIR. EVERYTHING IS VIBRATING. GROWLERS TAKING OFF FROM WHIDBEY. SOUNDS LIKE THE WHOLE FLEET IS TAKING OFF. WISH THEY WOULD TAKE OFF AND LEAVE HERE FOREVER.

8:58AM, July 27. WE ARE BEING POUNDED BY VIBRATING SOUND WAVES FROM WHIDBEY AS JETS TAKE OFF. SO LOUD IT DROWNS OUT MUSIC ON THE RADIO.. DEEP THROBBING ROARING NOISE. SOUTH LOPEZ..

9:01AM. JULY 27. WE CONTINUE TO BE POUNDED BY JET ROARING NOISE. HERE WE ARE AGAIN, FEELING THE VIBRATING NOISE IN OUR HOME AND BODIES. THIS HAS BEEN GOING ON FOR AN HOUR. I WILL DOCUMENT EACH OFFENSIVE THUNDERING ROAR FROM WHIDBEY. GO AWAY GROWLERS.

9:09pm, July 27. A day of jet noise, Vibrating Thunder. It just HURTS. Right now, constant noise, deep growling from Whidbey.

9:18AM. July 27. Here we are again. HUGE RUMBLING VIBRATING ROAR THAT PENETRATES EVERY INCH OF AIR AND SPACE. This is ABUSE. South Lopez.

9:25am. July 27. HEADLINES: NAVY CONTINUES ITS ASSAULT ON ITS NEIGHBORS. THUNDEROUS JET NOISE POUNDS LOPEZ ISLAND. NAVY LIES WHEN IT SAYS IT HAS NO IMPACT. LEGISLATORS BELIEVE NAVY LIES AND SACRIFICE LOCAL RESIDENTS.

9:26AM. JULY 27. DOUBLE THUNDER. ONE ROAR IS IMMEDIATELY FOLLOWED BY ANOTHER. South Lopez is under attack.

9:39am. 7/27. Loud jet roaring over South Lopez.

A beautiful day once again destroyed by the ominous rumble and shake of the military. Once again, I'm trying to work, and the noise makes it difficult.

Again - like living next to a blast furnace.

Around 4pm. The jet noise is constant. Roaring jets by South Lopez. I cannot see them, yet their noise is all over. What business does the Navy have to fly jets so loud that they can be miles away, yet oppressing us with their noise here?

At least 2 other times before as well today

Bothering dog and humans

Heard the rumble twice this morning- very disturbing-

Knock it off. It's been all morning. The floor of my house and my windows are shaking.

Nice quiet morning, except for the loud rumble vibrating my house and body.

Reporting loud engine blasts Friday m the direction of Oak Harbor.

Roaring, causes house to vibrate. Dogs frightened. Deeply disturbing, DREADFUL noise. Definition of dreadful is "causing pain fear or difficulty... causing or involving great suffering." The noise from the military jets and growlers is dreadful.

S Lopez, 27 July 2020, Mon: 10:30am - 1:30pm Three hours of intense Growler noise. No FCLP's scheduled. Is the Navy Lying AGAIN?

S Lopez, 27 July 2020, Monday: 8:10am - 9:26am - One hour 10 minutes - constant roaring 75 - 80 decibels

super loud grumble, like the earth is going to explode. This is terrible.

super loud rumble, like the earth is going to explode. This is terrible.

There have been at least 3 occurrences of this fairly loud rumbling. There an large commercial jets flying in this area. It has to be the Whitby Growlers or some other military flights.

Two about 2 minutes apart

1:33pm. July 28. LOUD LOUD LOUD JET ROARING. South Lopez.

10:20am, July 28. LOUD LOUD LOUD ROARING JET OVER SOUTH LOPEZ. DEAFENING.

10:45pm, July 28. South Lopez. I am reporting that last night, July 28, at 10:45pm, I was awakened by a low rumbling drumming in the skies. I went to the window and verified that it was typical jet noise from Whidbey. Navy not a good neighbor.

10:55am. Loud jet roaring over South Lopez. This type of roaring sounds like a huge train is coming down the tracks all around us. Whhhhoooooosh and Rooooooar.

11:34am, July 28. We are enduring persistent jet rumbling in the skies. Low deep, throbbing loud, jet rumbling from jet activity in the skies of South Lopez. Thunder that never seems to end. It's annoying and headache causing. It's a stressful noise.

12:38pm July 28. We are still enduring persistent rumbling in the skies from jet activity around South Lopez. Swooping, whooshing, roaring, swirling, rumbling deep noise. It is not quiet, it is like a constant earworm. Always a rumble in the sky.

12:43pm July 28. ANOTHER roaring jet over South Lopez. The roaring sounds as if it is coming right at us to land on our roof. VERY LOUD. And the roaring goes on and on as I write. GROWLERS ARE WRONG FOR THIS REGION. GET THEM OUT OF HERE.

4:39pm. July 28. Once again. A rumbling roar from jet activity South Lopez. When my doors are closed and the TV is on, why am I still hearing Jet rumbling from where I know is far away? It is because the GROWLER is the WRONG jet to be here.

9:55am. July 28. Skies are ROARING with jet activity from Whidbey. A deep and loud rumbling that goes on and on and on.

F*** em

F*** the jets! Post my comments!

It is distant but still an disquieting deep shuddering rumble that is felt as much as heard. Truly awful sounds. Peace wrecking sounds. Anacortes near the ferry terminal.

Land the stupid jets already. I'm trying to put my kids to bed. Remember? You guys aren't the only people here? Remember that?

long pervasive rumble

One minute fly over time. Loud

Roar and rumble from the direction of Oak Harbor. Low-frequency noise pollution conducts exceedingly well across the waters of the Puget Sound.

Two GROWLERS flying over the North San Juan's over Orcas, Waldron, Sucia, Matia and Patos. RIDICULOUS NOISE INTRUSION on a quiet summer night!

10:55am. July 29. South Lopez. trying to work outside. Loud jet noise from whatever Whidbey is doing. Yesterday noisy. Today noisy.

12:06pm, July 29. Irritating low rumbling of jet noise from Whidbey.

12:40pm, July 29. Another big Jet Roar from Whidbey. LOUD!

5:32pm. 7/29 Don't know what the heck Navy spends its time doing, but today, & right now, there is just constant rumbling from jet activity. It's the sound of Growler jet engines. DEEP Rumbling, Constant thunder. That's the only way to describe it.

6:20pm. July 29. South Lopez. Out on our patio. But the rumbling was constant from 5:30 onward. So unpleasant with threatening noise in the background. Finally came inside where there is a sense of peace if we close the doors.

9am 77.29. Walking outside, Hit by an explosive roar. Sound of a growler taking off since it was so loud. The the extended roar of a jet flight. Very loud and throbbing. Deep deep roaring.

Lucky enough to have a much needed day off, spectacular PNW summer weather- but alas it sounds like explosions or earthquakes, maybe avalanches to the south of my house in Anacortes. Insane noise pollution; undeserved. We are Not the enemy.

S LOPEZ, 29 July 2020, Wed: 9am - 10:30am - Constant low ROAR. COMPLETELY CRAZY MAKING. No FCLP's scheduled. Growlers should be based away from residential areas !!!

Too loud to live

12:30pm, July 30. We have experienced a number of Booming jet roars, and jet noise from flights. South Lopez.

4:31pm. July 30. Big scream, then roar, now a long roar. Can't see over the trees, but there is a LOUD LOUD DEAFENING Jet roaring over South Lopez. Might be two of them because it is SO LOUD. The noise came right into our house. Still roaring 4:33pm

7:04pm. July 30. LOUD LOUD roaring jet over South Lopez.

"I love to hear the jets. It is the sound of freedom. It is annoying to you I understand that, but we need well trained pilots. We don't need Bob Ferguson.

S Lopez, 29 July 2020, Thur: 4:30pm - 85 DECIBELS, 7:04pm 77 decibels. Growlers are flying here because they have already added too much CO2 to the desert bases in California. One Growler adds 12.5 metric tonnes of CO2 for each hour of flight.

11:32am. July 30. S. Lopez. HUGE rumbling roar of jet noise.

11:45am, 7/30. THUNDER THUNDER THUNDER. That is all we are hearing. Jet activity on Whidbey sends thunder into the skies. It is deep and unnerving. Always rumbling noise in the skies.

12:48pm. Sounds like we have a Growler jet headed straight toward us. Deep roaring ripping through the air. South Lopez.

12:59pm.7/30 What we are hearing right now, & what we hear so often is loud roaring & booming from NASWI. Last night we watched NOVA & I finally learned a way to convey to you the noise: Cape Kennedy launching a rocket. That is what it sounds like.

Extended time for fly over. Disrupting my rest...woke me up.

S Lopez, 31 July 2020, Friday: 11:30am - 12:45pm: Continuous Low Roar. 70 - 75 decibels

1:25pm, 8/3. Jet roaring over South Lopez.

10:04am, Aug 3. JET SCREAMING OVER MUD BAY, LOPEZ. SCREAMING, AND NOW THE DEEP ROAR, ROAR, ROAR, ROAR....STILL ROARING, ROAR, ROAR. DEEP ROARING ON AND ON AND ON. THE NAVY IS AN ABUSIVE THREAT TO US.

11:44am. Aug 3. Mud Bay, Lopez. ANOTHER LOUD SCREAMING jet overhead, sounds like the sky is ripping apart. DEAFENING.

11:45am. Aug 3, Mud Bay, S. Lopez. ANOTHER screaming roaring jet overhead immediately on the heels of the other one. Must be the Navy's time to show its contempt for the lives of folks on land. GET THE GROWLERS OUT OF HERE. And it is still roaring.

5:58pm, 8/3. Booming jet noise over South Lopez.

9:01am. August 3. South Lopez. VERY LOUD jet roaring. Prolonged roar. Does not seem to end. South Lopez.

Disrupted business call.

S Lopez, 3 Aug 2020, Mon: Overflight at 10:03am - 86.4 decibels in the house.

1:10pm, 8/4/2020. More loud roaring from growler jets. Very deep noise. Persistent rumbling.

10:59am. South Lopez. August 4. More jet noise, deep and loud rumbling. Jet is not flying over us, but it could be anywhere south of us, and the noise is so loud we can hear it but not see it. It is still going on. Are they launching an attack?

11:29am, 8/4. Loud jet noise rumbling in the skies. South end, Lopez.

12:32pm, Aug 4. Outside talking (with social distance and masks) with person working on our house, and the jet noise is so loud we cannot communicate. Lopez South.

2:50pm. Aug 4. S. Lopez. Very loud jet roaring over South Lopez.

F*** the jets

please stop the noise. It's killing me.

Woke me from sleep- horrible sounds. Anacortes.

1:20pm, Aug 5. Very loud jet roar and rumble in the skies to the South.

1:24pm. Aug 5. South Lopez. The roaring continues. This is so annoying. The sky is just ROARING. Sounds like Growlers are just flying around in loops, but that it a sound likely caused by echoes off of land and water.

1:39pm. 8/5/20. A THUNDEROUS roar. What is going on at NASWI? Launching rockets?

1:42pm, August 5. Lopez, south end. Very noisy skies due to jet activity. Booming, rumbling and roaring. It is irritating and LOUD!

10:54am, Aug 5. Deep and loud rumbling from jet. Classic deep and throaty and prolonged Navy jet noise. South Lopez.

11:12am. August 5. I am inside and I am bothered by what sounds like continuous thunder in the skies. I think NASWI is launching Growlers to the south of us. It sounds like jets taking off and roaring to altitude. VERY LOUD AND NOISY.

2:01pm. Aug 5. An otherwise perfect afternoon, and we have the noise like loud bombing from jets flying around. South end, Lopez.

2:15pm, August 5. South Lopez. VERY NOISY skies. Loud jet roaring, almost continuous today.

2:54PM. Aug 5. VERY LOUD ROARING jet over South Lopez. A BOOMING noise that goes on and on.

3:23pm. Aug 5. VERY LOUD roaring jet. South Lopez.

4pm, Aug 5. Walking outside after a long day at my desk and the jet roaring in the sky was incredible. Persistent. Not a good walk.

7pm. Aug 5. Sitting outside catching the last rays of sun and all we hear is JET NOISE. As if Jets are racing up and around the skies to the south of us. We cannot see them, but they are making enough loud noise to drown the evening. Lopez.

Continuing engine noise over a long period....

Flying jets AND engine noise from ault

Lots of plane noise, nonstop

4:57pm, August 6. Very loud rumbling jet roar in the sky. The roar just rolled right into my home, intruding. I am pretty sure the noise emanated from off the south end of Lopez, so why do I have to hear it? Because the GROWLERS ARE TOO LOUD.

S Lopez, 6 Aug 2020, Fri: Overflight at 11:45am - 85.2 decibels in the house.

11:03am. Aug 7. Booming roar of Jet noise. S Lopez.

11:37am. 8/7. Loud jet roaring over South Lopez. The roaring goes on and on. 11:38am: still roaring.

11:45am. Aug 7. The skies are roaring with jet noise. South Lopez.

12:23pm. Aug 7. The skies are roaring with jet noise. It is NOT quiet outside. It sounds like we live next to SeaTac.

2:00pm. Aug 7. If this is not Growler noise, then it is the sound of half the earth falling off. Loud jet noise in the skies, as if a Growler Fleet is in the air, roaring around.

3:22pm. Aug 7. South Lopez. Roaring skies. LOUD LOUD LOUD jet roaring to the south of us.

8:43am. Aug 7. Starting Friday morning with loud roaring in the skies. Some jet activity at NASWI. Very loud and persistent.

9:03am. Aug 7. Very loud jet roaring continues in the skies.

9:30am, 8/7. Giant plane, Poseidon?, is roaring LOW over my home. My Zoom call is disrupted because I can't hear anything. Roaring came closer & closer, as if a jet was preparing to land in my yard. Looked out the window & saw it low over us. Mud Bay.

why would a growler be going RIGHT OVER my house! WAY off the flight pattern. I HATE these jets.

10:17am, Aug 10. LOUD LOUD LOUD roaring jet over South Lopez. The sky is being ripped apart. It keeps going as if the jet will never go away.

10:19am. ANOTHER LOUD jet on the tail of the other one. South Lopez.

10:30. 8/10. Getting ready for bed. Opening the window because it is so nice to sleep with the window open. But, now, for the umpteenth time, I open the window, hear the jet roaring from Whidbey, and close the window. Why be kept awake by jet noise?

12:28pm, 8/10. Suddenly a huge roar of a jet overhead. Very loud and deep. I was startled and lost track of the conversation in my Zoom conference. These loud Navy jets need to go away. They are not appropriate for a populated area. S. Lopez.

5:15pm or so. Aug 10. Outside, hoping to relax. Jets are roaring, Thunder roaring to the south of us. Lopez.

A LOT of continuing engine noise tonight

Can not hear tv or talking in living room.

Direct flights over the National Monument. Destroying lives

Ear splitting flyover

Engine noise on and on. Yes, at MIDNIGHT

Outside of flight pattern. VERY loud, unable to hold a conversation

S Lopez, 10 Aug 2020, Mon: 10:27pm The Growlers have been roaring since waking us up at 10pm - still going . . . being battered by the pressure of sound. Finally still at 10:34. Roar starts again at 10:41pm with a final BLAST at 10:43pm. Hideous

S Lopez, 10 Aug 2020, Mon: 10:00pm - 10:23pm Extremely loud Growlers woke us up. It's a summer night, windows open. Everything is shaking in the house. Noise easily 76 + decibels.

12:05pm, Aug 11. Another morning of roaring skies from jet noise.

2:30pm, 8/11. S. Lopez. Loud jet roar in the sky. A BURST of BOOM and roar.

2:34pm. August 11. South End of Lopez. Another roaring jet noise in the sky.

2:58pm. Aug 11. Cape St Mary. On a bike ride, escaping from Zoom calls. Peaceful landscape, but the JET NOISE!!! Lots of noise in the skies. No peace! Growlers: go away.

3:33pm. Aug 11, S. LOPEZ. ROARING ROARING ROARING JET NOISE IN THE SKIES. DEEP AND THUNDEROUS.

S Lopez, 11 Aug 2020, Tue: 10:30am - 11am An extremely irritating low Roar in the range of 50.4 decibels in the house. The low vibration is shaking everything.

1:31pm. Aug 12. Working outside. Startled by loud jet roaring over South Lopez. Sounded a whole lot like a Growler due to deep deep roaring, for a long time. Commercial jets don't sound like that!

10:56am. SE Lopez. Aug 12. Very deep threatening roaring in the skies, as if jets are flying low then high around us. Very irritating and distracting.

5:25pm. Aug 12. Loud jet roar in the skies. Throbbing roar. South Lopez.

6:54pm. Huge jet roar in the skies. South Lopez. Sounds like half the earth is falling off.

Daily noise blast over the San juans

F*** these military planes

My dreaming mind tried to keep me asleep by creating a war dream, but the noise was too loud and woke me up and it went on and on and on. I don't sleep well as it is and to be woken up by a war machine makes me really angry. I HATE the flyovers.

S Lopez, 12 Aug, Wed: 1:30pm HUGE Roar 74.2 - 80.3 decibels.

5:22pm, Aug 13. Lopez School. Deafening roaring jet noise, just to the east of us. Sounds like it is coming up from the south. Prolonged roar, DEAFENING.

5:24pm. Aug 13. Lopez School. What is going on??? ANOTHER roaring jet noise deafens us. Is it the one a minute ago circling, or a second jet? This is an offensive, pervasive ROARING NOISE.

A single Growler, flying so low we could see the jet pods and equipment on the bottom on the aircraft. The roar was deafening and the ensuing rumble continued for several minutes.

Absolutely long ear splitting flyover

Another series of ear splitting flyovers, and can still hear engine noise from previous

Low flying helicopter. Very loud; disputed conversation until it passed.

Much too loud

Quality of the growler noise just now - Metallic roaring sort of makes my teeth hurt- such an impossibly grating sound. Disrupting thought processes at work. In a medical clinic.

S Lopez, 13 Aug 2020, Thur: Overflights 5:20pm and 5:25pm - 80+ decibels

"Very loud passes overhead. Several.

12:34pm. Burlington. Pulled over to have lunch in my car. Windows down due to warm day. Incredibly loud jet roaring above. The noise is a deep deep growling roar. It just keeps going and going. Ruined my ability to relax. August 14.

Not loud by "growler standards" but well enough to wake me from sleep in Anacortes late one Friday night. Terrible machines that don't belong in a civilian environment.

Irritating— 10:30 PM— really??

The growlers went on and on all morning and into the afternoon. No days are sacred. We are living in a war zone. This is torture.

10:08am, Aug 17. S. Lopez. Very loud and booming jet noise in the sky. NOT a commercial plane! It is too loud and deep, and it is prolonged.

10:13pm. Aug 17. For Goodness Sake! Stop the jet noise! The skies are roaring with jet noise. WE NEED TO SLEEP! S. Lopez. The Navy is abusive and NOT a good neighbor. If you say so, you are delusional.

10:54am. 8/17. South Lopez. There is a lot of noise in the skies, as if jets are veering toward us, and then away. The depth of the roar is actually vibrating in the air. Threatening.

11:01am. 8/17 Mud Bay, Lopez. LOUD LOUD LOUD SCREAMING ROARING GROWLER OVERHEAD. My headphones were on as I was listening to a interview & suddenly all was drowned out by the abominable jet that abuses us. To think my tax dollars pay for this abuse.

8:30pm. S Lopez. Out walking and suddenly huge jet noise blast from Whidbey. Whole fleet taking off? Earth breaking in half? A new volcano erupting? The noise was long and booming, and just kept on going. Very threatening.

8:40pm. 8/17. S Lopez. Continued booming roars from NASWI this evening. Introduces the chronic worry & tension that we will have jet noise until the late hours & lost sleep. Stupid Navy. Do they think we don't hear them at night? No love for the Navy.

9:33pm. 8/17. NOISY skies. Jet rumblings and roarings from NASWI. Is this going to go on all night? It is DISTURBING. South Lopez.

9:43pm. Aug 17. South end of Lopez. Loud scream and roar of jet above South Lopez.

F*** the jets

Roaring roaring roaring roaring. Horrible unsettling ongoing roaring. THIS IS NOT HEALTHY FOR ANY LIVING CREATURE.

S Lopez. 10:50am. 8/ 17. Last night we heard real thunder after a very hot day. Now we are hearing prolonged "thunder" in the skies from Jet activity flying (I guess) from the south of us. It has been "thundering" this morning.

So tired of the noise!

Tremendous and sustained roar and rumble from the direction of Oak Harbor.

Turn off the TV 9:30 at night In Anacortes and there it is that thrumming, roaring, shaking sound of multiple navy F-18s, Growlers pummeling Coupeville. Low frequencies audible and palpable- disturbing even this far north. Unconscionable.

woken up nearly every morning at 3 by these horrible sounds. please stop.

10:36am. S Lopez Aug 18. ANOTHER roaring jet.

12:01pm. 8/18. The skies are just about constantly rumbling and roaring. THERE IS NO SUCH THING AS QUIET ON LOPEZ!!! This is not a "jewel" of the

Northwest. It is a WAR ZONE. Thank you, legislators, for allowing this to happen. You just don't care.

Been ongoing for quite awhile now. Give us a break.

Every night! All night! Now it's daytime too. Enough!

Once again, an otherwise beautiful, peaceful summer day ruined by the NONSTOP ROAR of jets. There's never a break!

Ongoing noise for going on two hours in Port Townsend, people unable to walk outside or hear each other on the beach bc of touchdowns. Rumbling and screaming of jets overhead. Very disruptive to resident and tourist activities.

Please stop!

S. Lopez. Low, deep persistent rumbling from jet activity. At first I thought it was thunder, and thus possibly a storm, so I went outside to look. It's not thunder. It is jet roar. I was distracted from my work.

South Lopez. 3:51pm. Aug 18. We are enduring fairly steady jet noise from activity that sounds like it is south of us. It is NOT APPROPRIATE for jets to be in this region that are so loud that at 15 miles away their noise comes right into my home.

There were 4 Growlers flying very low out of Coupeville's OLF, continuously overhead; ear protection was essential to be outside. I left, so I don't know how long it lasted.

Way too loud

woken up nearly every morning at 3 by these horrible sounds. please stop.

3:27pm. 8/19. Loud and reverberating waves of jet noise. South Lopez. I was hoping to take a walk on Iceberg Point soon, but if the noise I am

hearing is any indication, that would be a mistake, like walking in a war zone. Disgusted with the Navy.

7:02pm, Aug 19. I have had it. I have to go inside and close doors and windows. I am so irritated and stressed by the zooming, bombing, roaring jet noise from Whidbey. Just endured another huge roar and noise wave from Whidbey jet activity.

All day long - maybe its time to spend some of the Navy noise money to support the post office. We complain about the noise - think about the millions upon millions of dollars they burn.

August 19. Bike riding on the southern end of Lopez. Rested for a moment, took my helmet off and heard tremendous booming jet noise as if bombs were going off.

Came home from work to intolerable noise and vibration repeatedly. It feels like the house is going to explode. Very painful on the ears and entire body.

"Dear US Navy, Your aircraft are flying less than 400 feet from the roof of my home as they pass over XXX Drive, Coupeville, WA The magnitude of the noise is more than a human can withstand. "

Extremely loud Navy jet over Mud Bay South Lopez.

I'm currently inside my double-insulated house and I still have to cover my ears sometimes. The noise used to be okay until they upgraded the jets, now they are louder and louder. When will this stop??

Jets flying right over the house. Shelter-in-place in house, close all windows. Won't be able to call doctor as planned on phone.

Loud loud loud. Booming, Roaring. Vibrating jet noise. ALL DAY. There is no peaceful environment here. Just a constant throbbing roar of jet noise in the air. South Lopez. Aug 19.

Painfully loud, very disruptive.

Peace wrecking low thunder to the south. Disquieting here in Anacortes, disturbing, but devastating for those farther south. Insane treatment of tens of thousands of civilians. Ongoing.

Roaring almost the entire day. Horrible background disturbance, it is impossible to escape this truly dreadful noise pollution. The noise is disturbing and insidious. SHAME ON POLICY MAKERS WHO ALLOW THIS NOISE. It is harmful to all living creatures.

Shut these things down. It's too late.

South Lopez. Jet rumbling in the sky. Sounds like thunder, but it is not. Just the Navy acting like a bad neighbor. They must not think people live here. Or, they know people live here, but think their "mission" is more important than we are.

Too loud too late. Be considerate to WA state residents. The traing belongs out in the desert.

TOO LOUD!!!!

Very loud rumble and vibration felt . It is disrupting my sleep . Nerve wracking !

Way too loud

woken up nearly every morning at 3 by these monstrosities. please stop.

11:54am. Aug 20. ANOTHER rumbling and roar from Whidbey. Distracting. The noise vibrates its way right into my home. Legislators, I am ashamed of you and your measley words about the issue of the navy's lies and abusive behavior. S Lopez.

5:23pm, Aug 20. S Lopez. Huge rumble and vibration and ROAR from Whidbey. Vibrating the air and vibrating me!

5:45pm. AUG 20 and the Navy is roaring its jets. Huge rumbling vibrating wall of noise. South Lopez.

6:01pm. Aug 20. Huge Rumbling Vibrating ROAR Shakes the air. The Navy thinks there is no impact. If that is so, why is their jet noise roaring into my home 14 miles away?

6:25pm. Screaming jet overhead. South Lopez.

7:43pm. AUG 20. HUGE AND LOUD ROARING of jet activity from Whidbey. The noise fills the air. There is no other sound except ROARING. South Lopez. This is offensive.

8:13pm. Jet rumbling continues and it is after 8pm! Will this go on all night??? Discouraging.

9:04pm. LOUD Jet roaring over South Lopez. NIGHT-TIME!!!

A few minutes ago a VERY LOUD ROARING jet noise over my home. Deafening. South Lopez.

All day again. How many millions of dollars have been burned today to blast noise and pollute the air. What we spend on one day could easily provide funding for our schools, social support

Almost 2pm. Big Booming Roar from Whidbey. The air was vibrating. Stopped conversation. S. Lopez.

"ANOTHER DAY OF ALMOST CONSTANT BACKGROUND ROARING. HORRIBLE NOISE. UNSETTLING AND DEEPLY DISTURBING. AMONG OTHER THINGS, INTERFERES WITH HEALTHY FUNCTION OF LIMBIC SYSTEM .

"CAN'T HEAR MY TV XXX LN CAMANO ISLAND"

Direct flyovers and roaring earth shaking engine runups

Disruptive to our home life related to leisure, study, sleep and work.

Extremely loud. Can't have a conversation or even think.

Growlers flying periodically today -- now flying late into the evening.
Persistent rumble for the last few hours.

I am regularly woken up around 3 AM by these growlers. It feels like waking up in a war zone. please stop them. they are wasting money and energy and causing so much destruction of inner and outer peace.

I can tell from the roaring that a growler is taking off from NASWI, followed by a deep roar that is the ascent of the Growler. I have been badgered by that noise for 7 years. Why do we have such loud jets that take-off is heard 15 miles away? ABUSE

I live on XXX Drive, Coupeville, WA and the jets fly very low directly over my home on the cliff side, impacting me and thousands of other people. The magnitude of the noise is more than a human can withstand.

It's 20:30, I can't sleep, I can't read, I can't have conversation, I can't go for a walk, can't watch TV, can't make my children feel any less scared about it, because of the jet noise.

LOUD Reverberating pulsating roar and vibrating noise waves from Whidbey. Around 5:35pm or so. Aug 20. S. Lopez.

My children are crying, they want it to stop.

My pets are going crazy from the noise!

Painfully loud, ringing in ears.

really really disruptive!

S Lopez, 20 Aug 2020, Thur: No FCLP's sched at Ault but Steady Roar from 8:50am - 12:20pm. The 12:20pm Overflight was 82.8 decibels. More roaring at 2:33pm, 2:50pm and FINALLY ending at 10:20pm.

See message just sent.

So loud, it hurts.

Terrible deep shuddering , vibrating shaking thunder from the south-wrecking the peaceful night. AGAIN. Anacortes. After 9pm. Hideous racket.

The jet noise prevented conversation. Our dog went i to hiding to escape the noise, and we couldn't call him because the noise was so loud! This is outrageous!

the usual intermittent severe racket in Oak Harbor. Tring to work. Such a grating horrible bone shaking noise. I can feel it in the floor- low frequency and feels like it makes your tooth fillings hurt. So unpleasnt.

This is the loudest engine run up we've ever heard. Shook the house

Three growlers very tight formation.

Too much noise, too late at night.

Trying to sleep!

Two days of almost continuous roaring. This is so deeply disturbing and unnerving, the noise is destructive and truly horrible.

Unusually loud tonight, they need a muffler.

Very loud and low over residential area

Very loud. Doors are closed and I can't even have a conversation with someone inside my house. Started to get another headache. Hope these jets get removed soon or use quieter jets...

"Working from home with jets disrupting a zoom meeting.
Mute...unmute...mute...unmute...mute.... ""We can't hear you"" ... Oh yeah
listen to this...unmute

Thanks Navy."

10:16am, Aug 21. The room is vibrating. I am on a Zoom call, needing to concentrate, and the jet noise is in the room with me. The Navy has NO RIGHT to barge into my home with noise from a jet that they lie about its noise impact.

10:18am, Aug 21. ANOTHER roaring rumble and vibration from Whidbey. LOUD!!!!

10:21am, Aug 21. S Lopez. Rumble and vibration, long and persistent and VIBRATING. Jet noise assaulting us.

10:23am. Aug 21. Following the rumble and vibration which I associate with jets taking off, we now have a loud jet (or more) over us. Cloudy so I cannot see anything, but they must be flying low because they are so LOUD.

10:41am, Aug 21. S. Lopez. More rumbling and vibration, loud and pervasive and throbbing.

10:55am, Aug 21. S. Lopez. The onslaught continues. Loud jet noise in the skies, as if they are racing around overhead.

11:03am August 21. S Lopez. Roaring jet over S Lopez. Doors are closed yet the jet roar marches right into my home.

11:09am. Aug 21. S Lopez. ANOTHER rumbling vibrating roar of jet noise from Whidbey. This is abuse.

Burn baby burn that fuel - can't even concentrate. Headphones on and it still comes through.

Direct low altitude flyover. Hurt the ears

S Lopez, 21 Aug 2020, Fri: Repeated ROARING - 10:16am, 10:18am, 10:21am, 1040am shaking the house and us at 70 - 75 decibels.

so loud we couldn't hear the TV!

Steady engine run up blast all morning

"Too close to treetops

Can not hear dog bark!"

Two jets side by side.

1:08pm. Constant jet thunder in the skies. It is not quiet here. There is a constant roar of thunder.

1:58pm, Aug 24. At the Lopez Recycling center near the Village. Suddenly a 4 engine lumbering aircraft appears over the trees, VERY LOW. I think I could have seen the pilot. LOUD. One of the P- aircraft? Frightening. Thought it was landing.

12:02pm. Jet noise over south end of Lopez.

12:11pm. BOOM of jet noise/ Quite loud. Deep and penetrating. South Lopez.

12:24pm. Roaring jet over south Lopez.

12:49pm. ANOTHER loud jet over South Lopez.

Pt. Townsend, WA 98368

(Coupeville), inside house, had to plug ears due to severe noise. Interrupted my sleep and my one year olds sleep.

9:31am Roaring skies due to jet activity. South Lopez.

Feels like were at war in WA state.

Four in formation flying very low over the houses, followed closely by fifth.

Loud Growler noise all afternoon!

Loud Growler noise all evening at state park, into bed time

Multiple jets flying over our work facility. They usually are over us when they fly pathway 14 but today they are flying 32 and flying over us. Certainly they are over the recycling center.

My baby cried even with her headphones. They also flew at night until midnight. With covid I can't take her anywhere during the day. I usually try to take her to the park or something but I don't want her to get sick.

ONCE AGAIN IN PORT TOWNSEND WE GET TO SPEND THIS LOVELY EVENING LISTENING TO THE ROUND AND ROUND RUMBLE OF JET NOISE. DINNER TIME DISRUPTED. KIDS CRYING. STUCK AT HOME. JUST STOP.

So loud that young daughter couldn't stop crying.

The aircraft banks and applies thrust directly above our home (Rhodena Beach area), the volume louder than a human can withstand.

The aircraft is too loud impacting me and thousands of other people. The magnitude of the noise is more than a human can withstand.

"Trying to go to sleep and the jet noise is going up and down the sound. This usually begins around 5-6pm and continues until midnight.

How am I supposed to sleep with the continuous noise? I have PTSD and the jet noise makes it worse!"

Very annoying and disrupting to the peace. Has been going on for hours today.

Way too loud. Disrupted phone meeting.

Went on about 10 minutes. Go elsewhere!

1:52pm. More bursts of jet roaring noise in the skies. Very loud. S. Lopez.

11:03am.. BIG jet roar over South Lopez. Might as well live next to SeaTac.

11:46am, Aug 25. SCREAMING jet noise approaches, then turns into a LOUD DEAFENING roar, now the roar continues as it passes over South Lopez. Still roaring deep and penetrating.

12:17pm. Aug 25. LOUD SHRIEKING jet overhead. On a Zoom call and could not hear! South Lopez.

4hours of non stop jets, massive rumble, cannot hold conversations. Not even a 30sec break in noise since 6pm.

Because of growth of the local community along with its light pollution, the Outlying Field in Coupeville is no longer an appropriate place for the Growler jets to fly.

Can handle the noise from high flying Growlers going on several times today. You notice the noise, but it wasn't the shock wave from when Growlers cruise low and blast us.

Cannot open windows or sit on the deck - Growler jet noise is too loud to enjoy the sounds of a later summer day. Makes the deck unusable..

Could not sleep it was so loud

Destroying tranquility of nature with the noise of war

Disrupted television watching and too loud to open windows. Past our bedtime— so disrupting sleep. When will they quit?

Even though the jets are on flight pattern 32, I am severely impacted. When jets finish practice, they often fly with thrusters on over my home.

Excruciating, inescapable, damaging levels of decibels.

Extremely loud Growler noise afternoon and evening, obnoxious noise when people are trying to enjoy a beautiful summer day in a state park!

Growlers have been noisy for hours. They now sound like they are straight overhead. It's too late in the evening for all this noise.

Hard to have a conversation in the house

Horrible overlapping Growler noise over Port townsend last night and during the day, Growlers flying down the Strait and over town - far off the designated flight path. VERY disturbing for the whole community.

I live in greenback WA and can hear my property values dip with every pass of the jets. Come on, there has to be a better place for this. Do you care? At all?!

I shouldn't have to hear this INSIDE my house!!

Jets were way out of the flight pattern with for the second night in a row. My house isn't in the pattern, therefore if they are flying over my house low, with the landing gear down they are way off.

Loud, ongoing disruptive noise and vibration. Unable to sleep.

Massive noise pollution over Central Whidbey, hour after hour.

Rumbling of jet noise late into the evening for 3 nights now; would be nice if the Navy would respect people's need for quiet at night.

S Lopez, 25 Aug 2020, Tue: 12:17pm Overflight - exceptionally loud 92.7 decibels in the house. Growler pilots know how to fly quietly - Why don't they do this when they are over our homes???

"Second night as I'm trying to go to sleep, here come the Growlers!

It's loud and annoying and very difficult to go to sleep with military planes going up and down the Sound

Can't they practice in the daytime?"

"Several very low, very loud flyovers, often 2 Growlers together, landing gear down

Happened between 11:30 to 2pm. Then had solid engine testing blast from Whidbey later in afternoon for about 15 minutes"

Starting up this late in the day, really? Last night it went on late into the night. Stop already.

Three flyovers at this late hour. Your schedule ruins this entire week. It is hot and we want our windows open. We want to sleep. You DO NOT belong here.

Three hours of non stop noise pollution.

Too loud to enjoy the beach

Very loud and disruptive during dinner hour.

Way west of normal flight path, right overhead. Awful!

why

10am, Aug 26. SHRIEKING SCREAMING ROARING jet overhead. Long roar. Filled the house with noise, and I lost my concentration on my work. The Navy is an organization of invaders. They must think they can just go wherever they want with impunity.

less rumble and vibration

We love the noise, bring it on. Live on North end of Camano Island. The Planes were here long before most of the people and it is expected that the NAS

11:39am, Aug 26, South Lopez. LOUD rolling deep echo-ing roar from loud jet over South Lopez. The noise distracts me. Is a plane coming to land on my roof? Is there an earthquake? It is a threatening noise.

2 jets flying roughly west to east. Excruciatingly loud.

A couple of very low, very loud flyovers this morning

A lot of noise engine and flyovers all morning

Absolutely absurdly loud.

All day??

Another night of not even being able to watch television it is so obnoxiously loud

August 25, 2020: Jets flying until 11:00 pm, noise level 139 DB!

Can't sit in my backyard to read—too noisy

Couldn't hear to conduct meetings.

Difficult to have a conversation with the neighbors. Peace and tranquility sitting outside is not possible.

Direct ear splitting flyover

Direct flyovers Colville National monument

For the last several nights the Jets have been so loud we could not get to sleep. The noise is constant

Had to come inside and close all windows, put earphones on.

It's bedtime for children. Are we at war?

S Lopez, 26 Aug 2020, Wed: 10:01 am Overflight 82.3 decibels Screaming overhead - House rattling,

Sounds like they are coming through our roof!!!

There goes the evening -

To loud to even have a conversation during dinner.

"Too loud to listen to news while cooking dinner.

Too loud to visit Patmore Dog Park or Rhododendron Park"

We've had several growlers measuring over 100 db this morning and that is inside of the house.

Wish Navy would give us a ten minute warning before flyovers so we can get inside before we are pummeled with the noise and vibration. Also, we would like notice when they finish for the night so we know when we can open the windows and go to sleep.

11:46am. Aug 27. S Lopez. LOUD LOUD LOUD jet over Mud Bay. Heading back to Whidbey.

6:30pm. Aug 27. S Lopez. A full day of working inside. Hoping to sit outside and enjoy the evening. Well, that was a stupid idea. All I heard was jet booming and roaring fill the sky. Funny, I thought this was supposed to be a peaceful place.

9:42am. Skies are roaring with jet noise! South Lopez.

95 dB inside as 2 of these Warcraft streaked overhead, luck they seemed en route to torture someone else. Trying to enjoy a day off in Anacortes.

Another beautiful afternoon where we are all forced indoors because the Navy thinks the Citizens of Whidbey are the Taliban and wants to play war games! Painful ringing in the ears!

As always just one of many for the duration of fclp at OLF

Direct flyover

Disrupting my conversation, very distracting. The growler noise is so low that it penetrates through all other sound. Disruptive.

F*** the jets

I'm on Whidbey Island looking at properties because I was looking to move here and start a business. I didn't know about the jet noise. I didn't realize it was so loud and lasts so late into the evening. I don't think I can tolerate it.

It's been a brutal week with flights, as usual, directly over our home. We wear noise canceling headphones but it's still very loud inside our home. Phone calls are impossible as is visiting when the planes are directly overhead.

Jets flying right over the house. had to retreat indoors and close all windows. Still so loud can't listen to audio (TV, Radio, spouse).

Jets in the park. Drive hours to experience nature and there are the jets. F***in bullshit.

Makes sleep difficult

Nonstop engine noise has been going on nonstop for hours

OK. Now it's even louder INSIDE my house. Please stop this!

Painfully loud repeatedly right over my house. Wearing earplugs and noise canceling ear protection inside the house. Ears in extreme pain. Very stressful. This can't be legal to subject residents to this kind of harm.

Seems like consistent constant rumble disrupting daily normal activities.

Shark Reef SANCTUARY! Ha - the navy has to stop thinking they can destroy our parks.

So much for a quiet evening

Stop children what's that sound -sounds like we live next to a blipping factory. But the children are supposed to be in bed. Not with that blipping noise

The acoustic energy from low-altitude EA-18G aircraft is unsafe, especially for young children.

the aircraft are once again out of the flight pattern, they are flying directly over my home.

the jet noise is unbearable!!!!

The navy church seems to be flying low tonight With a lot of noise and it's kind of late.

unable to sleep, hear television, low flying over houses

Very low and loud!

"While hiking the Chain Lakes Loop in the Mt Baker Wilderness, 2 Growlers flew above, disrupting the silence of the wilderness.

This is NOT a complaint! This is the sound of Freedom. Keep it up - love it! Makes me proud.

12:56pm. Aug 28. Loud jet roar over south Lopez. Booming and echoing in the sky.

2:15pm. Aug 28. Just came in from a walk that was far from pleasant. A lovely day, and there is a WAR going on in the sky. CONSTANT LOUD JET RUMBLING.

Another day of fclp at OLF.

Beginning at 11:00 a.m. and continuing through 4:40 p.m. jet flying noise continuously all day, with roaring around 3 p.m.

Couldn't talk to contractor discussing project outside. Ridiculously loud!

Deafening!!!

Going for a long while

Hours of non stop rumbling today - makes one very irritable

impossible to be outside or carry on conversation indoors

"Noise is loud enough to drown out the power mower being used next door.

Went down to the wharf to have a hot dog for lunch. Had to pause our conversations multiple times because the jets are so loud. "

Outside in face to face mtg, w masks, socially distanced, ear protection, barely able to talk, Growlers flew directly overhead, 4 jets doing ops, barely 300 feet above trees. Db readings over 105. Jets started @ 11:15 am, still going at 1:15 pm.

Pretty sure that plane just flew through my kitchen

South Lopez, 3pm. Aug 28. LOUD rumbling and roaring in the skies from Whidbey jet activity. We have to endure constant thunder. The jets at Whidbey are too loud for this region. LEGISLATORS: Wake up!

Too loud to even work out outside 😞

10:34pm. Aug 31. Rumbling thunder inside my home from Whidbey jet activity. WHY SO LATE?? Actually, what I really mean is GET RID OF THE GROWLERS AND GET RID OF THE NAVY. They are BAD neighbors.

All evening, again. How peaceful, how relaxing. Really nice to have a quiet evening after yet another stressful day of kids at home, well pump out, counting pennies because we're down to one income. So great, putting \$ towards flying stupid growlers.

Annoying rumbling vibrations.

FCLP still going on at OLF. Last flyover was extra loud and rattling

First of many fclp at OLF

F*** the jets

F*** these jets

Growlers so loud that even with ear plugs and fans going to hide the noise it can still be heard. When they fly I can't sleep. They often fly until midnight and sometimes 1-2am. How is a person supposed to work without sleep?

Had to pause TV until the plane passed over.

Jets flying continuously from 9 a.m. past 9 p.m. over Northeast Camano Island is too much.

Last night, from 8:30 pm until I went to sleep at 10pm (I use ear plugs) the aircraft noise was extensive and excessive.

Location may not be working ?

Lots of vibrations in the kitchen and windows, too.

Low rumble and vibrations all evening

made it hard for our anxious dog to settle in her crate, especially as immediately followed by more aircraft noise for a couple of minutes with

"On 8/31 at 9:45am jet noise was loud enough to cause us to cut short a walk through Fort Worden.

Disruptive levels have occurred all week--interfering with daytime outdoor activity and nighttime sleep."

shook house a bit

The sound was ear piercing.

They wait until night when most of are trying to sleep. Practice where you don't disturb working folks who have to get up in the morning

This will be continuing until after midnight without a break ... I could report every minute of every hour until then..

Twelve + hours of Growler noise on 8/31/20; started 9 am and went past 10 pm, touch and go noise cleared the beaches of Port Townsend and sent everyone inside. ALL DAY LONG and ALL EVENING. No touchdowns on the schedule. Horrible noise pollution.

Unable to sleep due to noise

We bought this property in 2006 because we were far south of military activities and wanted the quiet. This is getting ridiculous. It sounds like loud thunder.

We have had seemingly continuous airplane noise since at least the week of August 23rd. This is sometimes a rumble, sometimes also a vibration. It seems to be going on all night, past midnight. (today is Sept 2nd).

"What time do you stop flying?

Its late"
